Jennifer Price, Principal

Dear Members of the Class of 2014:

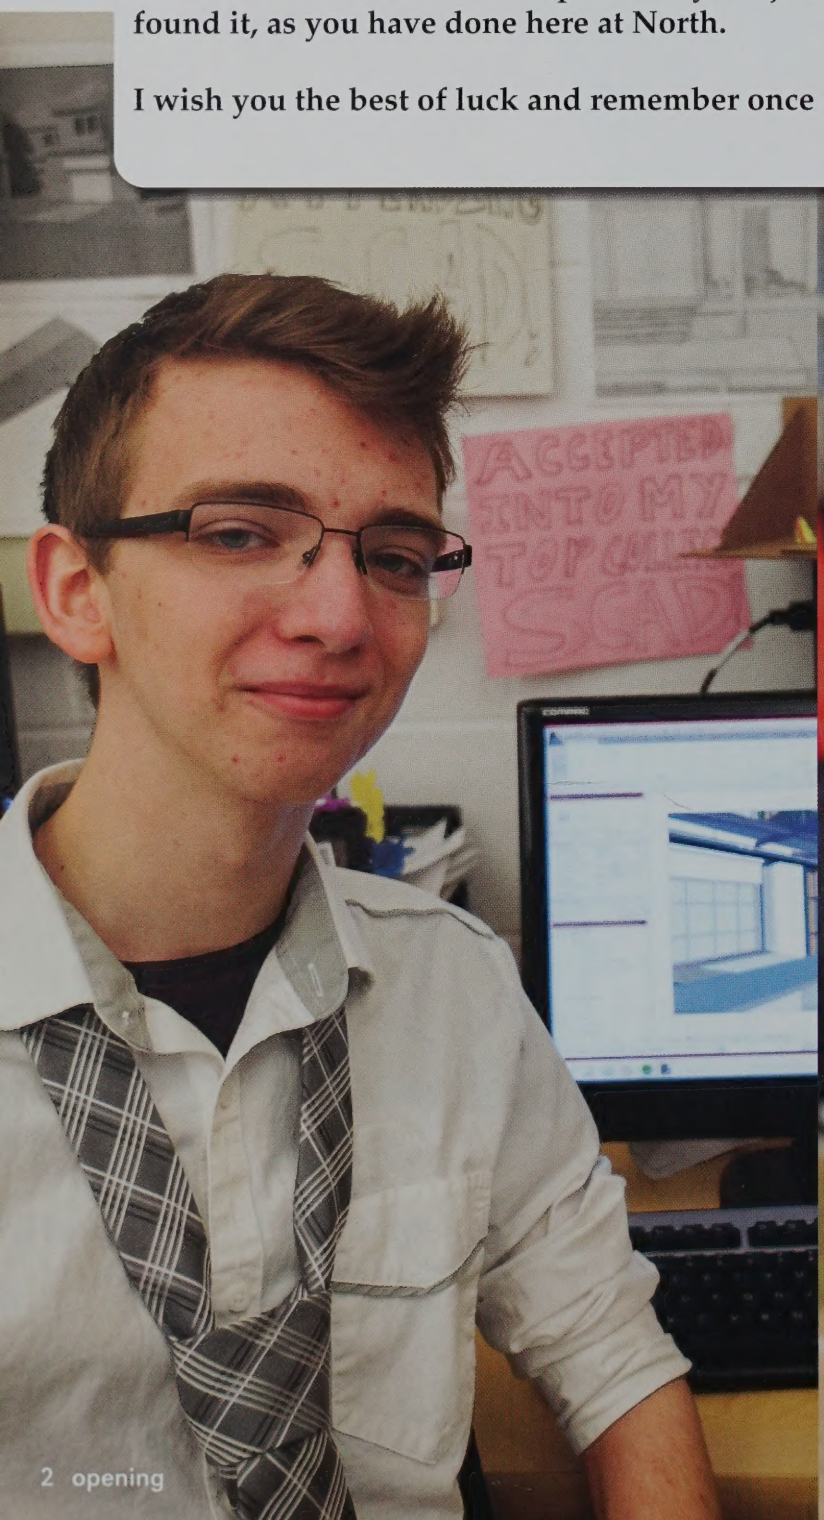

Congratulations! You have made it. You now join a proud tradition of alumni who cherish this school and the lessons they learned here.

You are a class that will always be remembered as the first class to spend all four years in our new building. You entered as freshman when this building felt unlived in and institutional. You leave as a class that helped our building come alive as we decorated the halls with murals, made memories on our stages and fields, and brought to life our classrooms. Thank you for taking this journey with us.

As you leave our doors, please remember that you have been given a strong education here at North and throughout your time in the Newton Public Schools. As it is often said, to those that much has been given, much is expected. So you are expected to do amazing things. Take the lessons you learned here and leave each place on your journey ahead better than you found it, as you have done here at North.

I wish you the best of luck and remember once a Tiger always a Tiger.

- Jennifer Price, Principal

12 SURE SIGNS YOU ARE A SENIOR

#5. Hannah Searles and Catherine Bohling wearing their 6th man shirts.

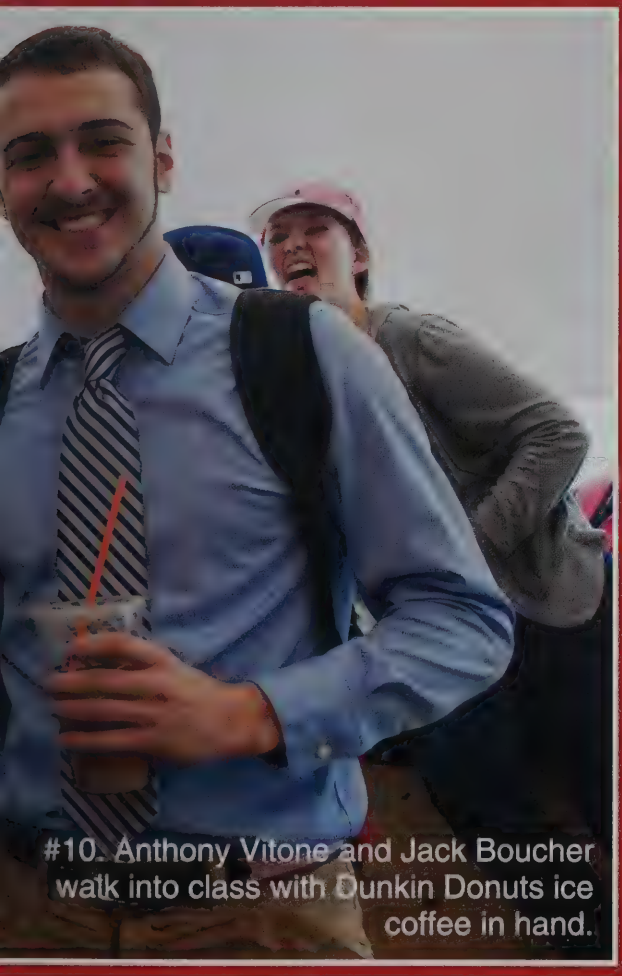

#9. Athena Lyons gets asked to prom.

#2.

#10. Anthony Vitone and Jack Boucher walk into class with Dunkin Donuts ice coffee in hand.

1. You've given up on dressing up for school because LOL who has time for that.

2. All you talked about all year was having seniorities and getting ready to SLUMP.

3. You've mastered the skill of completing papers the night before they are due.

4. You've started saying things such as "This is my last first day of high school."

5. You spent all first semester thinking of a nickname for your 6th man shirt.

6. You completely freaked out at some point during the college application process.

7. Senior portraits. Enough said.

8. The teacher does not check the homework on the days you do it.

9. You've been thinking of the perfect Senior Prom promposal for months.

10. You walked in late to most A-Blocks due to a coffee run.

11. You know exactly which parts of school to avoid.

12. You are taking 'optional' classes only because you have to.

CLUB DAY

CLUBS SHOW THEIR STUFF TO ALL STUDENTS.

AT THE BEGINNING OF EVERY SCHOOL YEAR upwards of fifty tables are set up around the cafeteria and every club at Newton North sets up a booth. Hundreds of students come pouring through the Cafe doors to hear about every one of North's clubs and to sign up for club e-mail lists. Club Day provides a great introduction to clubs for freshmen, and has consequently become a very important tradition at Newton North.

JOIN OUR CLUB! many clubs offer free candy for every person who signs up with their e-mail address

SHOWING TIGER PRIDE

Day in and day out students at Newton North are always showing their TIGER PRIDE through the outfits they wear to school and sporting events. Whether athletes are dressed in team apparel, seniors are wearing their 6th Man home and away t-shirts, or students are representing their year of graduation in class attire; walking through the halls feels like walking through a sea of black and orange. At games the student fans add to their Tiger look with Tiger ears, Tiger hats, Tiger striped bandanas, and even a full Tiger suit.

Many students at Newton North have jobs during the weekdays or on the weekends. These jobs have taught students a variety of responsibilities. Most students have worked at a variety of places in Newton such as Cabot's, Yo Fresh, Shaw's, or Star Market.

These jobs not only teach students responsibility, but also independence. A lot of students like the idea of buying their clothes and other items with their own money that was earned with hardwork. Having jobs will teach students certain skills that will be needed in the future.

North Students Turn to Social Media to Share Their Tiger Pride

Social media is a huge part of almost every student at North's life. With the internet at our fingertips, we constantly share messages, statuses, and pictures. Field trips, foreign exchanges, and school events are all displayed in albums on Facebook. Sporting events, team dinners, and trips to Newtonville are all filtered and posted on Instagram for friends and followers to see. With social media, tiger pride is extended past the walls of Newton North.

Passions Found Through NNHS

With all of the electives, clubs, sports teams, and activities at North, it's not surprising that many students have found their passions through school.

Five seniors tell us how NNHS has helped develop their academic, artistic, and athletic interests,

Maxine Melnick

Passion: Child Development

What is one of your favorite memories from Child Development?

"One of my favorite memories from working with kids was my Senior Week. I taught ten lessons in the preschool classroom, with the theme of space. I taught two lessons every day for the whole week. Although this was one of the most stressful experiences of my entire life, I was able to live my dream of teaching young children. It was also amazing to see the kids so interested in learning about what I had to teach."

What is the most important lesson you've learned from Early Education?

"There is always room for improvement when it comes to teaching. Sometimes lessons do not always go as plabbed, which just means that the next time will be better."

Who has been had the most influence over your work with children?

"The most influential and helpful person to me was my teacher Ms. Ramsdell. She helped out every step of the way to make sure I was on track and didn't stress out too much."

What advice would you give to someone who is also interested in Child Development?

"If you have any interest in working with children, try different age groups out. It wasn't until I started working with kids for a while that I learned what age group I work well with."

Kenny on the field
picture by Judith Gibson-Okunieff

Kenny Wen

Passion: Ultimate Frisbee

What is the most important lesson you have learned from playing ultimate?

"The 'Spirit of the Game,' that means the game is self refereed and the players have good sportsmanship and competitiveness at the same time. Players respect each other while playing really hard on the field."

Who has been the most helpful during your time playing ultimate?

"Colin Maneval, the A-Team's coach, and Alec Zabrecky, the captain who graduated last year."

What is one of your favorite memories from playing ultimate?

"My most favorite memory was winning the Amherst Invite, which has been the longest held tournament in MA. It was my first year playing, so I was motivated to play harder since the seniors inspired me to be leaders of the team like them."

What advice would you give to someone who is interested in ultimate?

"Keep an open mind and give it everything you can on the field. Never give up."

Alex Shames
Passion: Music

Alex playing piano for Cabaret Troupe
picture by Josh Shub-Seltzer

Who has been the most influential in your musical pursuits?
"It's really hard to pick just one person. I've had so many teachers and mentors over the years and they've all been so incredibly helpful."

What is one of the most important lessons you have learned?
"Sometimes I find a piece that seems impossible, but after working on it, it gets much easier. I've learned that things aren't always as hard as they seem."

What is one of your favorite memories?
"I had so much fun when Tiger BeBop performed in the Christmas concert. I loved the songs we did and performing was really enjoyable."

What advice would you give to someone who is also interested in music?
"Try everything! You never know when you might find something you love that you never thought you would. Try instrumental, choruses, band, and everything else!"

Lee Moriarty
Passion: Art

Who has been the most influential in your artwork?
"Growing up, it was always a big thing for me to take art lessons outside of school. My mom went to Maryland Institute College of Art, and I looked up to her because I thought she was a really good artist."

What has been your favorite project?
"Last year I painted a door that the art department bought off of Craigslist. I enjoyed the project because I had the liberty to create any image and a unique space on which to do that."

What is one of the most valuable lessons you have learned?
"I learned to be observant and use what I see around me to inspire and influence my artwork."

What advice would you give to someone who is also interested in art?
"Sometimes you are faced with a still life, sculpture, or self portrait and you don't think you can achieve what you want. Instead, fake it until you make it."

Lee working on a charcoal drawing of a still life
picture by Judith Gibson-Okunieff

Patricia Muumba
Passion: Drafting

What is an important lesson you have learned from drafting?
"Design from my heart."

Who has been the most helpful to you?
"My drafting teacher Ms. Shurtleff"

What is one of your favorite memories?
"The day that we had the superintendent come into our class. Later, one of the other students in drafting, Anthony, was chosen as Student of the Year. And to top it all off, Congressman Kennedy came in to see the two senior year projects we are working on: New England Book Fair and the Green Campus."

Patricia and classmate Anthony Alecseenko work on a project

What advice would you give to someone who is interested in drafting?
"Drafting is a way to develop you into an architect. It is going to make you a 3D thinker psychologically, physically, and creatively. It will shape your imagination so that you can think outside the box. As an architect, you are going to be more than just a civil servant, you are going to change the world. What better offer can you get to shape the community? The architect who designed Newton North did not design because he was making a space, he designed because he was making a space where the young generation was going to be molded into the next doctors, engineers, architects, and lawyers, among others."

Julia Oran has a rubber duck collection.

Lucy Aiken loves to camp and enjoy nature.

Krista Sampson goes ghost hunting with her dad in the summer.

Jake Ezzell walks his cat.

Dear Class of 2014,

Congratulations on your graduation!

The class of 2014 has the distinction of being the first graduating class to have spent four years in the new Newton North High School. When you arrived here four years ago, the building was shiny and new, but lacked character and color. Individually and collectively, you have given our building character and color, maintaining and establishing traditions that will last for years to come.

As a class you have given much to our school and community. Each of you in your own way has made Newton North a better place. You have set the bar high for future classes with your positive energy and "Tiger Pride."

Ms. Roberts and I have enjoyed working with you, and we are proud to have known you. We wish you good luck and much success in your future.

-Mr. Aronson, Riley House

Doug Perkins, Samantha Library, Rachel Brown, Julia Oran, and Jesse Metzger

Class of 2014,

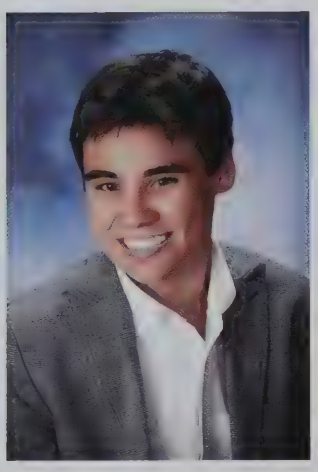

We made it! Congrats! 2014 has made Newton North history as the first class to complete all four years in the new school. Always taking advantage of what the school has to offer, I would say it's been a success! From the impressive theater productions to the talented teams, we have shown that we shine. Our high school journey has been filled with good times and great memories. We're a group of gifted leaders and each of us are capable to take on whatever the future has in store. As we move on from high school and continue expanding our lives, we must remember to always stay true to ourselves and treasure our tiger pride. I am beyond thankful to experience my four years at Newton North with all of you.

Best wishes 2014!

English

Students in a junior English class work on the book *Their Eyes Were Watching God.*

Ms. Craig-Olins' class has a reading discussion.

Mr. Grant goes over some grammar with his students.

Curriculum

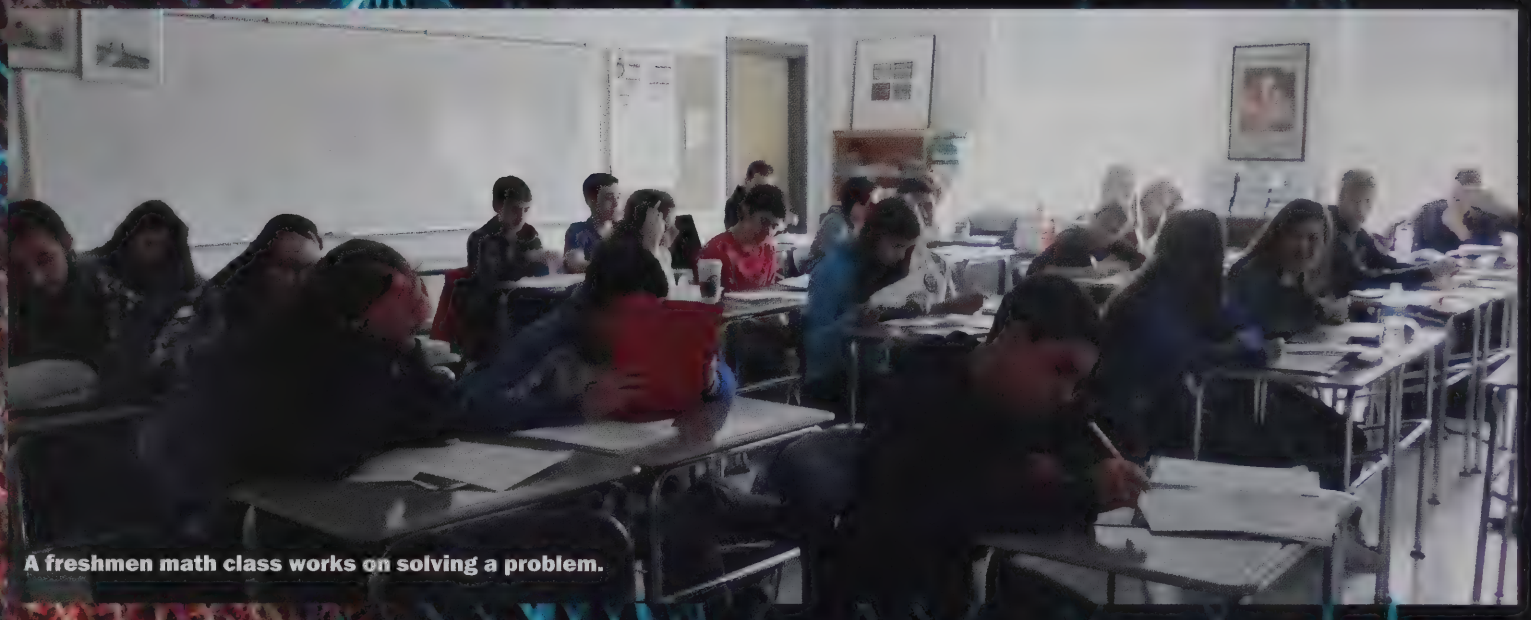

At Newton North, we are required to take English for all four years. Students are taught analytical skills that will be carried on throughout life. The books–*Of Mice and Men*, *Romeo and Juliet*, *The Catcher in the Rye*, and *The Odyssey*–are among the literature that we read and discuss in freshmen year.

Sophomore year is MCAS, and we spend a good part of the year preparing for the English MCAS. Sophomores also complete a unit on Martin Luther King, and as their final project, they create a Martin Luther King Speech for the MLK Speech Contest.

Junior year is all about American Literature, and what it means to be American? *The Scarlet Letter*, *The Adventures of Huckleberry Finn*, and *The Great Gatsby* are among the works that we study.

In senior year, we pick a class based on our interests. Students can choose Short Story, Shakespeare, Philosophy, Hiphop, The Art and Technique of Film, Modern Drama, Asian American Literature, Contemporary Voices, Other Voices, and College Prep English.

Mathematics

A freshmen math class works on solving a problem.

Seniors in Ms. Atkinson's math class celebrate Pi Day.

Ms. Atkinson explains the Do Now to her freshmen math class.

Curriculum

We spend all four years of high school studying math. In freshmen year, we are given a choice. It can either be SIMMS, a hands-on class, or a traditional class that best fits our learning style. Once we choose a class that works, we work on topics such as probability, surface area, or algebra.

Sophomore year is spent mostly studying geometry. We work on finding the volume and the surface area of 3-D shapes, and doing perimeter and area word problems. Also, we spend part of the year, preparing for the Math MCAS test in May.

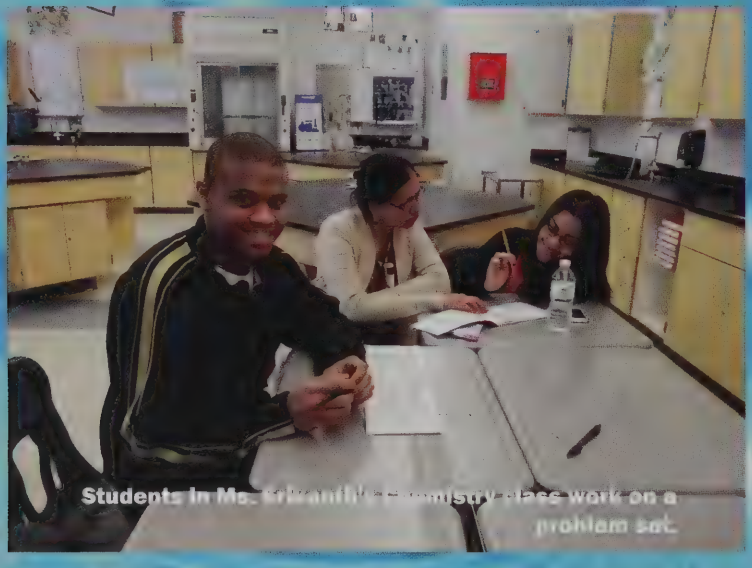

In junior year, we learn about parabolas, imaginary numbers, logarithms, and mastering the graphing calculator. We learn a little bit about trigonometry, and the important phrase, "All Seniors Turn Crazy."

In senior year, students can choose to continue math into their last year of high school. Depending on the course that we are in, we can either study Pre-Calculus or Calculus. We learn how to make wave graphs, and master problems that involve sine, cosine, or tangent.

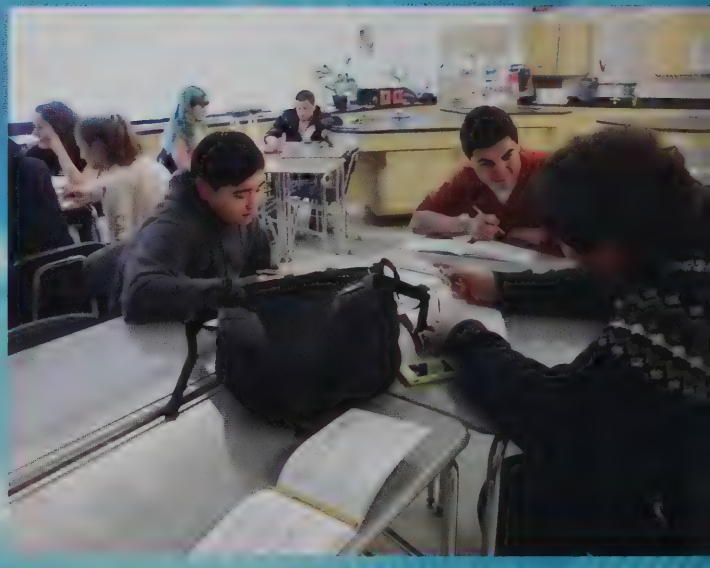

Science

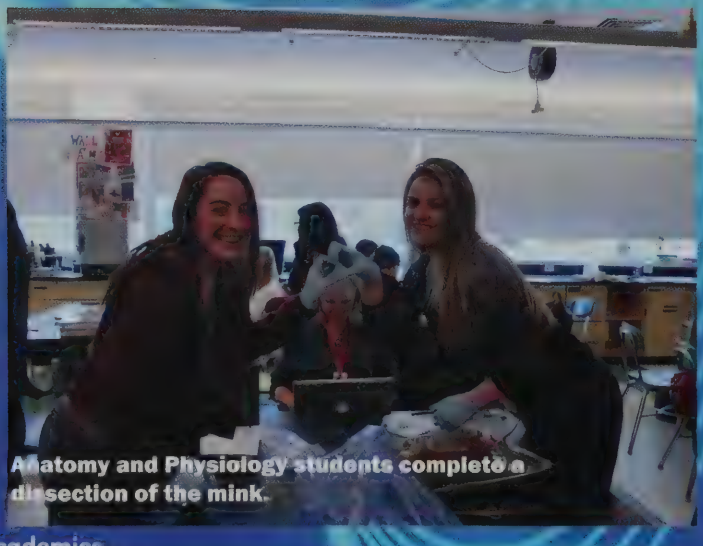

Dr. Gibson's G-Block Biology Class

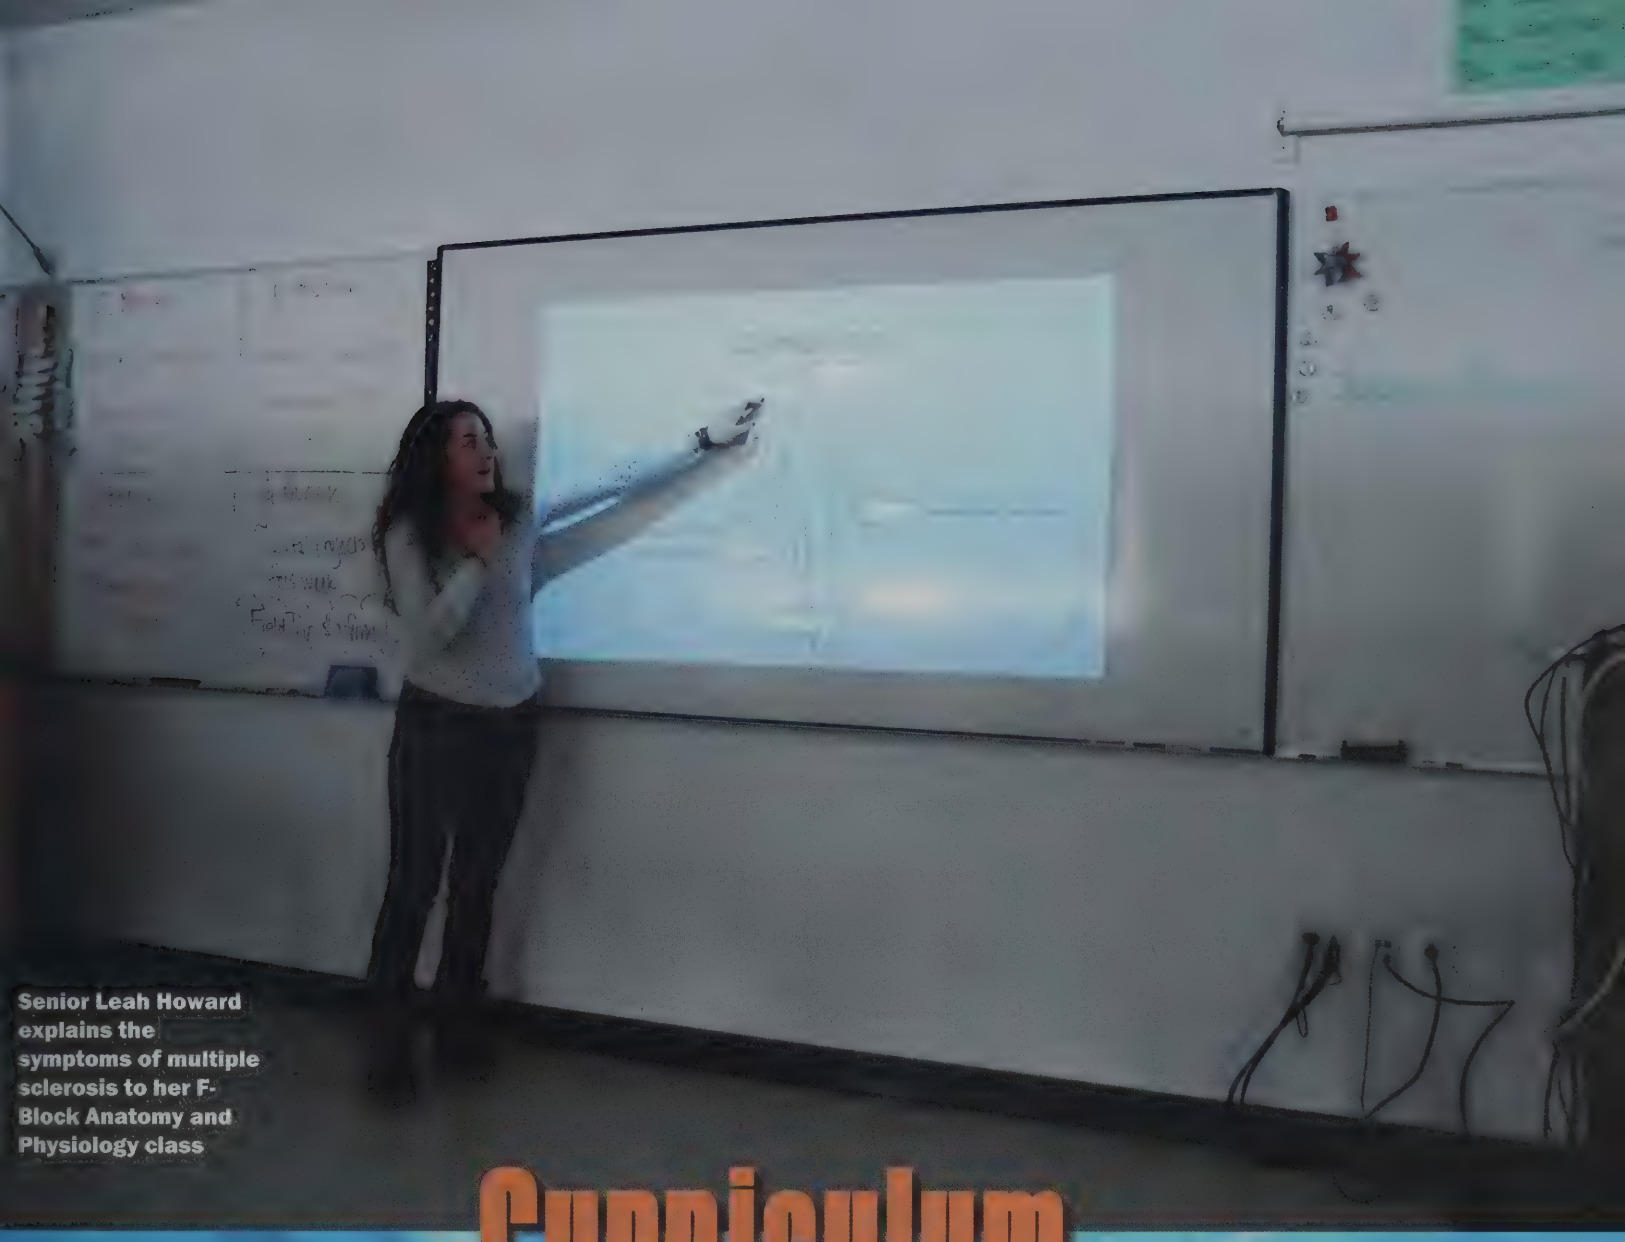

Students in Ms. [illegible] Chemistry class work on a problem set.

Anatomy and Physiology students complete a dissection of the mink.

Senior Leah Howard explains the symptoms of multiple sclerosis to her F-Block Anatomy and Physiology class

Curriculum

In freshmen year, we study physics. Two of the most memorable labs are the rocket lab and the ice cream lab. We spend a good part of the year preparing for the physics MCAS, which is in early June.

In sophomore year, we move on to studying chemistry. We learn how to read a periodic table, the parts of atom, balancing chemical equations, and acids and bases. We learn to master the hardest concept of chemistry: Stoichiometry!

Junior year of high school, we study biology–the study of life. We learn about the scientific method, biomolecules, DNA and RNA, the cell cycle, evolution, the cell structure, and function. It is expected that all juniors learn to use a microscope and how it works. Some of the memorable labs include the chicken wing dissection, the squirmy worm lab, and the liver lab.

In senior year, we can choose from a variety of science electives such as Oceanography, Anatomy and Physiology, and Astronomy. If we are up for the challenge, we can choose to take an Advanced Placement (AP) course.

History

Sophomores work on completing [illegible]rk.

Juniors in Mr. Greenfield's Curriculum 3 U.S. History/American Studies History class complete an assignment.

Curriculum

For the first two years of high school, we study world history. In freshmen year, we study the ancient world such as the Roman Empire, Scientific Revolution and Protestant Reformation, the Crusades, the Middle Ages, the Renaissance, the different Chinese dynasties, Byzantine Empire, and etc.

Sophomore year is spent studying the modern world. We study different topics such as the French Revolution, Nationalism, Imperialism, Ghandi, World Wars I and II, Industrial Revolution, and the Enlightenment. As a preview of the junior thesis, we do a mini thesis, and students can choose topics such as Fascism in Italy, Nazism in Germany, or etc.

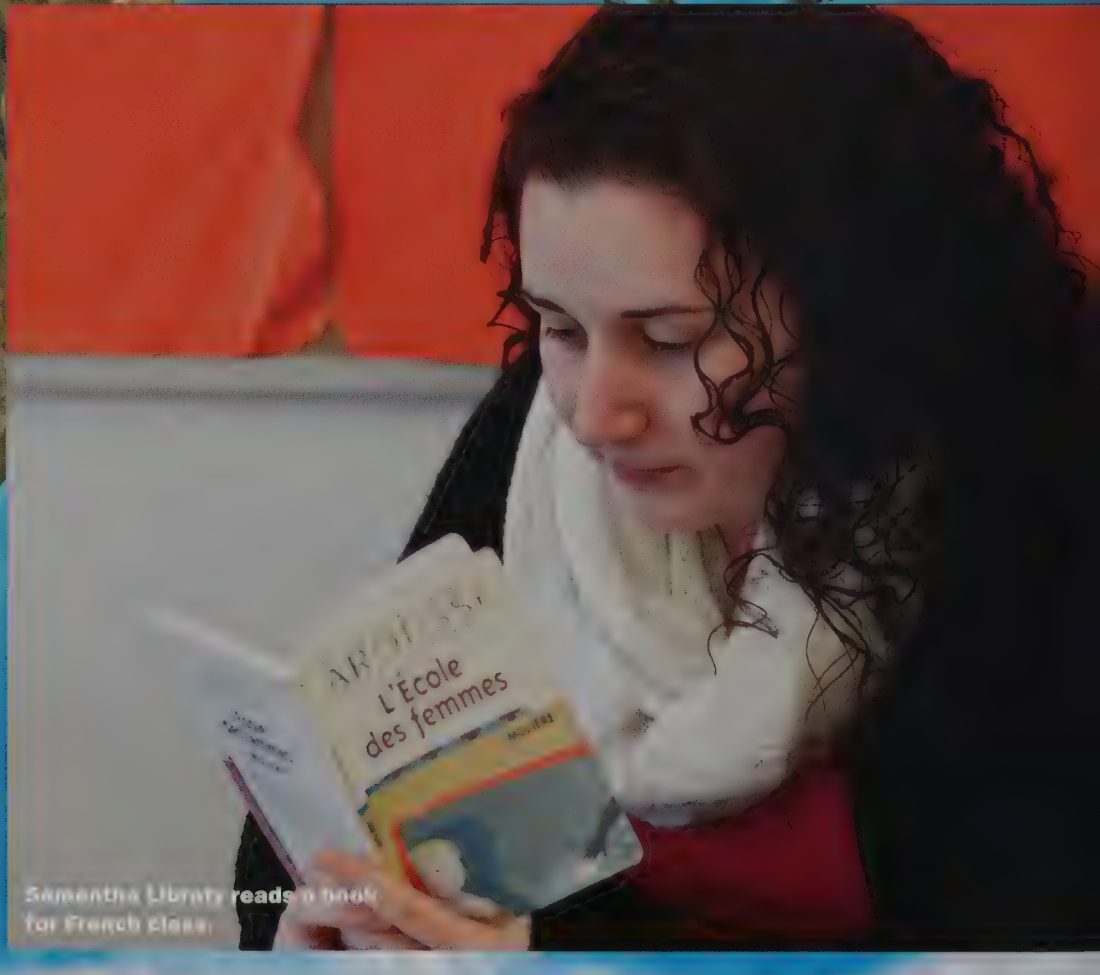

Junior history is American history, and we spend a good part of the year writing the junior thesis, a graduation requirement. A student can choose any topic based on American history for his or her thesis.

The last of year of high school history is an exciting time because students can choose from a variety of electives such as American History Through the Hollywood Lens, Psychology, Economics, Asian History, or Law and Society.

World Languages

Students doing groupwork in French class.

Samantha Libraty reads a book for French class.

Students listen to a lecture in a Chinese class.

Curriculum

Newton North offers a variety of languages for students to study. Students can choose from Chinese, Italian, Spanish, French, Latin, or American Sign Language. One of the exciting things about studying a foreign language is that students can participate in an exchange of his or her choosing. The exchanges are China, Spain, France, or Italy. First exchange students from another country come to this school for a given amount of time. Sometime later, Newton North students will go to visit the exchange students in their home country. Exchanges allow students to create long-lasting relationship with many people from all over the world.

Career and Tech. Ed

Graphic Communication

Robotics

Engineering

Carpentry

Greengineering

Curriculum

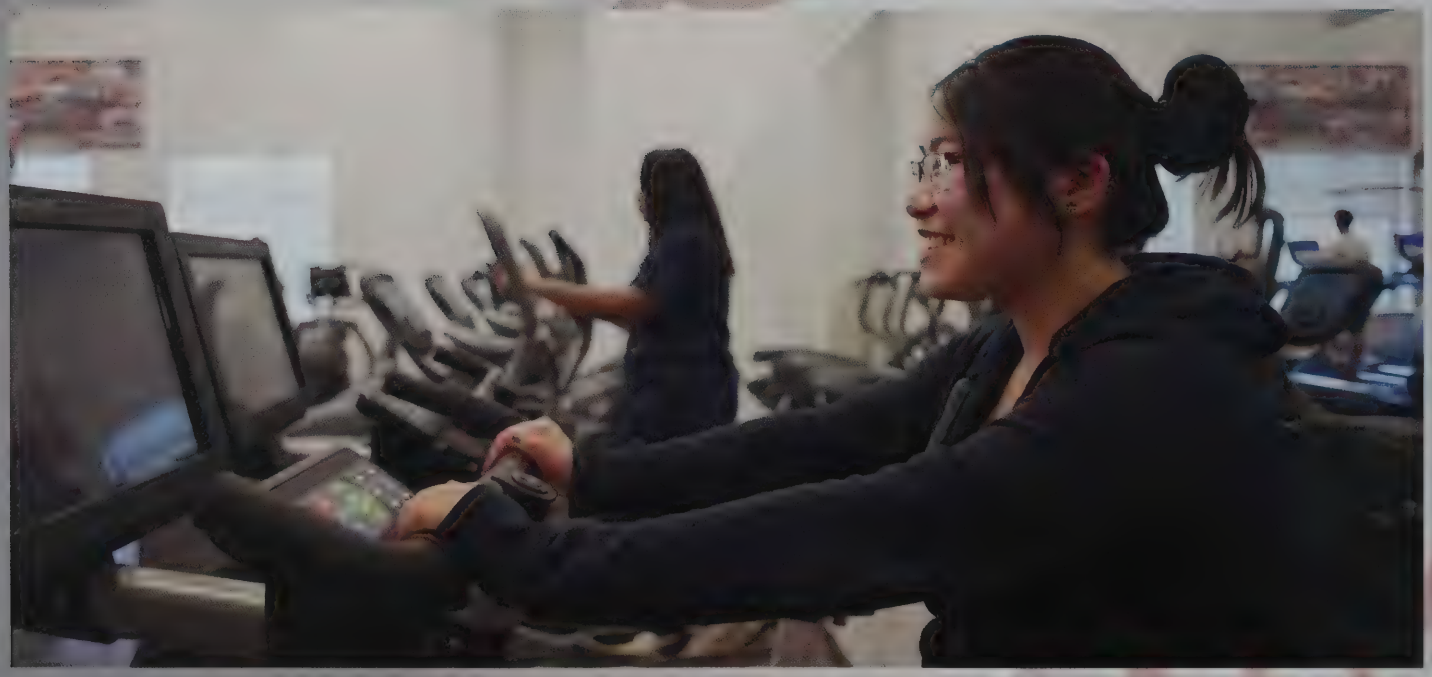

At this school, we are extremely lucky to have the Career and Vocational Technical Education program. This department includes carpentry, graphics communications, visual design, culinary, engineering, child development, Greengineering, and auto mechanics.

Students first start in the exploratory course, then can decide whether or not to take the major classes in the following years. Students who choose to major in a career course spend fifteen to twelve blocks a week doing their work for the course. Students, who are majors get share their work with the community. Students in culinary prepare food for the food public, and most of the posters at this school are made from students in graphics.

Physical Education

Curriculum

Newton North students are required to take P.E. for all four years of high school. In freshmen year, students take two P.E. classes–Sex and Health, and Freshmen Core. Sex and Health teaches students to deal with a variety of issues that they will encounter during their time at North.

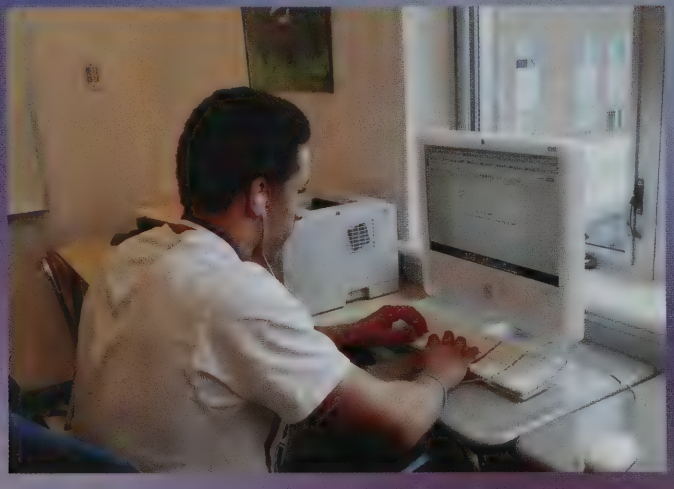

After freshmen year, students are allowed to take any P.E. class of their choice. Students can choose from swimming, world games, wellness, personal fitness, personal group awareness, or intro to rock climbing.

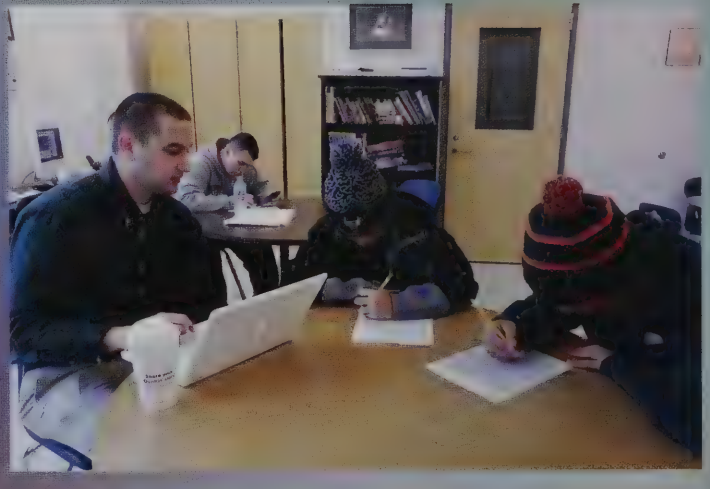

After four years, a Newton North graduate can proudly speak about his or her knowledge of how to keep his or herself fit, healthy, and active.

Specialized Learning Programs

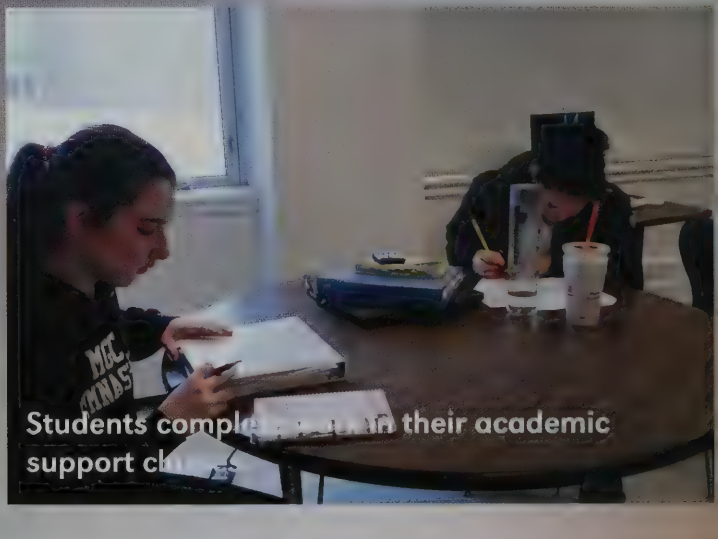

EDCO Program students share their experiences about being deaf on Deaf Culture Day.

EDCO student, Marlyn A[illegible]la, shares her experiences about having cochlear implants on Deaf Culture Day.

Pilot Program poses for a group photo.

Curriculum

This school offers a variety of specialized learning programs such as EDCO for the deaf and hard of hearing, Pilot, Links, Connections, and English Language Learners. These programs allow students at this school to have equal access to education.

The EDCO program is for deaf and hard of hearing students from the Boston area. This program is the oldest secondary program in the state, and has been running for over thirty years. Students are offered the opportunity to learn in self contain and integrated classrooms.

Pilot and Links help students who need a more focused environment in order to learn. We also have academic support classes, where students can meet with a teacher for extra help.

This school not only offers special programs for students, it also has academic support classes for students. Students can go meet with a teacher for extra help, or to talk about their weekly goals.

THESE SHINING LIVES chronicles the strength and determination of women considered expendable in their day, exploring their true story and its continued resonance. Catherine and her friends are dying, it's true; but theirs is a story of survival in its most transcendent sense, as they refuse to allow the company that stole their health to kill their spirits—or endanger the lives of those who come after them.

Freshman Cabaret

Directed by Amanda Kuo, Caroline Kaler, Jackson Bunis, and Jen Gately

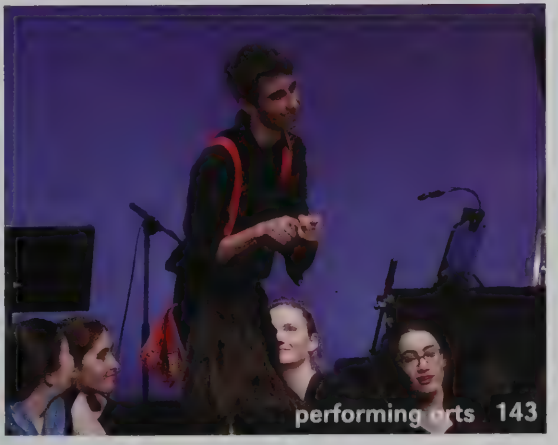

FRESHMAN CABARET is an all-inclusive show where newcomers to Theatre Ink are given an introduction to the program. This show is a wonderful way for students to start off their time at Newton North with a bang and make friends who are also interested in theatre and people who they may work with for the rest of their high school career. Freshman Cabaret is made up of skits, songs and dances in large groups and smaller groups.

Bad Seed

Directed by Ezra Dulit-Greenberg and Simon Wolfe

The scene is a small Southern town where Colonel and Christine Penmark live with their daughter, Rhoda. Little Rhoda Penmark is the evil queen of the story. On the surface she is sweet, charming, full of old-fashioned graces, loved by her parents, admired by all her elders. But Rhoda's mother has an uneasy feeling about her. When one of Rhoda's schoolmates is mysteriously drowned at a picnic, Mrs. Penmark is alarmed. For the boy who was drowned was the one who had won the penmanship medal that Rhoda felt she deserved.

Blood Brothers

Directed by Kelsey Fox and Juliet Roll

Blood Brothers, by the author of Educating Rita and Shirley Valentine, is a haunting rags to riches tragedy of our times. A woman with numerous children to support surrenders one of her new born twins to the childless woman she cleans for. The boys grow up streets apart, never learning the truth but becoming firm friends and falling in love with the same girl. One prospers while the other falls on hard times. A narrator warns that a price has to be paid for separating twins: the lives of the blood brothers, who die on the day they find out they are related.

CLUBS

Marathon Club

Dreamfar High School Marathon is a high school marathon training program. The purpose of this club is to train students to complete the full 26.2 miles of a marathon. They run three times during the week at the high school, and once per weekend with at least eight other schools.

Officers: Douglas Perkins
Advisor: Stephanie Chmura, Drew Pierce

Up Close

This club hosts semi-weekly meetings to discuss local political issues. Seeking to educate students on the political movements that affect the community most strongly, this club hosts many politicians.

Officers: Steven Kelly, Russell Petry, Aly Rabin, Dan Elsen-Rooney
Advisor: Ty Vignone

Model UN

This club simulates the actions of the United Nations, giving students a chance to exercise their diplomatic, speaking, writing, and communication abilities. Last year, they won multiple awards at Harvard and Brown's Model UN conferences, and successfully hosted a regional conference of over 100 delegates from 6 schools.

Officers: Riley Heiman, Chloe Amouyal, Adam Kirschner, Daniel Ruttenberg
Advisor: Gregory Drake

Tutors in Action

This club gives high school students an opportunity to be in a teaching role. The goal is not only to assist the fifth graders in math and other subjects as needed (spelling and science, for example), but also to experience being in a different position within the school atmosphere. Tutors learn to be patient and learn to enjoy building relationships with the younger students.

Officers: Lucine Boylan, Kimberly Ng
Advisor: Darby Verre

CLUBS

Native American Community Awareness Club

NACAC raises awareness for Native American Reservations across the country, their culture, and the current struggles they face. They most recently worked with the Mashpee Wampanoag people, raising money and educating ourselves on their culture and current problems with the government. This year, we looked to work with an organization in South Dakota to help plan projects.

Officers: Paulina Romero, Maria Rudorf, Amelia Williams
Advisor: Jon Paul Conopka

Reefer Madness

NNHS Reefer Madness maintains the school's coral reef tank and other marine life such as tropical fish and turtles.

Officers: Rachel Brown
Advisor: Barbara Gibson

Girls Achieving Leadership and Service

GALS is a place where the girls at Newton North can come to get support from others who may be facing the same issues that most teenage girls face in today's society. We went in depth in topics like body image, peer pressure and gender roles. This year we hope to maintain those discussions and also add in more service projects outside of school.

Officers: Charlotte Seaman
Advisor: Mary Palisoul

Crossfit Club

We provide a space for people who are in their off season or just want to maintain their fitness. Crossfit consists of fast intense workouts that last around 20 minutes and allow people with little time to increase their agility and physical endurance. This also allows people who normally go alone to the fitness center to be motivated by others and learn to lift safely.

Officers: Susanna Ming Kibel
Advisor: Lauren Baugher

Tiger Docs

Our goal is to provide participants who think they may have an interest in becoming doctors to the various possibilities available to them, such as, general or specialty practice, research, surgery, etc. We did dissections with Mr. Caldrone and had various meetings where we discussed medical topics, such as, areas of the field and teen issues.

Officers: Danielle deBairos, Gina Joseph
Advisor: Jane Kenslea

CLUBS

Mentors in Violence Prevention

MVP is a club that addresses bullying and harassment in and outside of school. We held weekly discussions, sat in on faculty meetings about bullying, and raised awareness within the school.

Officers: Charlotte Seaman, Julia Park

Gay Straight Alliance

Students met weekly to discuss LGBTQ issues and organize events such as ToBGLAD and Day of Silence. We also plan weekly events such as T-shirt tie dyeing in addition to ToBGLAD and our weekly discussions.

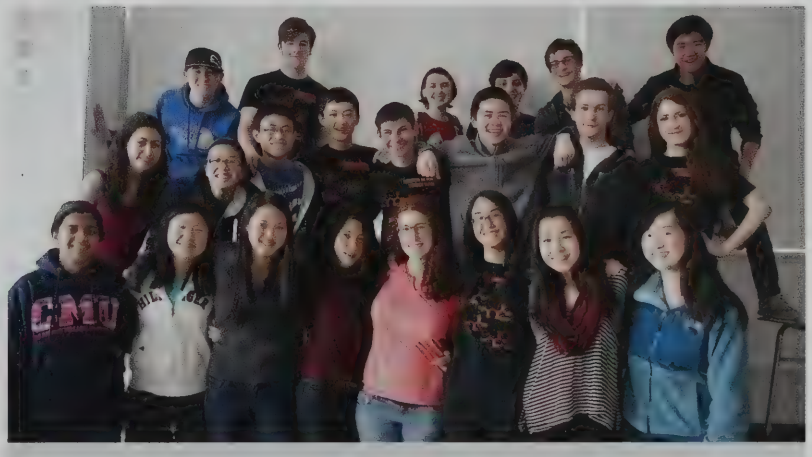

Officers: Leah Budson, Samantha Taylor
Advisor: Daniel Fabrizio

Math Team

We prepared for GBML meets by practicing math problems. We also did the OMO, MAMO, HMNT, and AMC competitions.

Officers: Ying Gao, Kavish Gandhi
Advisor: Elisse Ghittleman

Science Team

We prepared for and went to competitions like Science Olympiad, WSSL, Envirothon, Ocean Bowl, Science Bowl, JETS, MIT Trivia, and Women of Science, and also helped organize some individual competitions. Meetings usually involved studying as a group, buzzing, or building for competition. We also did some activities outside of preparation for competitions.

Student Faculty Administration

The Student Faculty Administration Board makes policy for the whole school. The board meets weekly on Wednesday mornings before school.

The SFA is not a club. It is a group that can make major changes in the way the school runs.

On the board are elected representatives of each class, of the faculty and of the administration. All are elected annually. The PTSO sends two representatives, who are not voting members.

At each meeting there is a principal's report. Then the group discusses individual members' proposals on matters ranging from class rank to areas where students can socialize. Often, the board forms subcomimittees to investigate concerns and make recommendations. After the board votes, the principal may still exercise veto power. If the principal lets a matter stand for two weeks, the vote is binding.

〔ATHLETICS〕

It was a good season for us seniors. Highlighted by our opening game win against Waltham, a team that made a deep run in the playoffs. Over the years playing football with my fellow seniors and underclassman, I have learned to really rely on the guy next to me. It's the most complete team sport and everyone has to contribute. I have made great bonds with my teammates and I know I will stay connected with them for years to come. Also beating Brookline on thanksgiving made the whole season worth while. We know the tradition and it was great to represent north in such a positive way.
- Jermel Wright, Jack Boucher, and Kyle Rich

Football

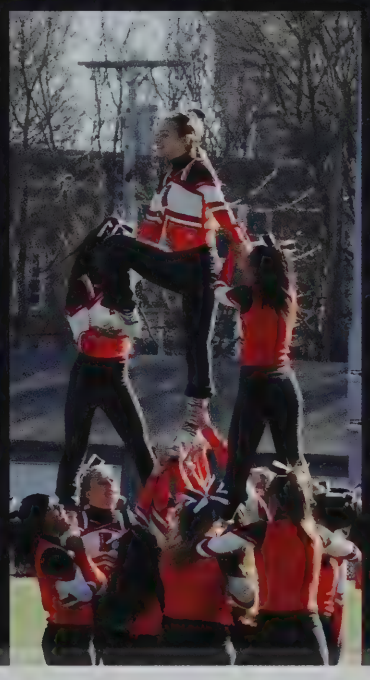

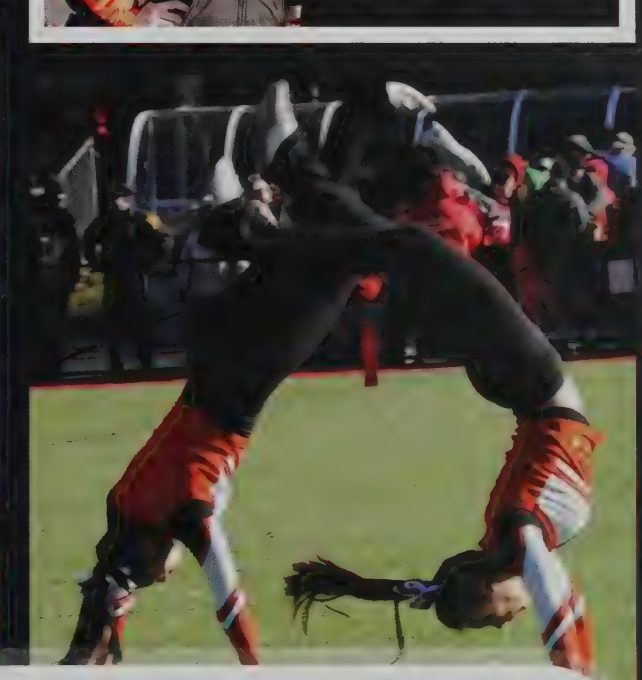

New coaches, new members, new responsibilities. Us seniors could not have asked for a better season to end our relationship with Newton North Cheerleading. We pushed through so many obstacles this year and no prior season compares to how close we all became this summer and fall. Cheering on our football team is what we love to do, but winning our Baystate Competition was probably one of the most accomplished feelings ever. We were the underdogs this year, but you know what they say.. started from the bottom! WE LOVE YOU LADIES! Keep it fierce and flawless next year.
xoxo, Juliana Pasquarosa, Kelsey Loughlin, and Karina Ferreira

Cheerleading

An undefeated season, a league title, #1 in MA and #4 in the US were beyond what we could have imagined. We knew we had a very skilled team from the start of the season, but it was the incredible amount of heart and passion in each player that made this season what it was. After losing almost half of our starting line to injuries, there were definitely moments of concern, but these pockets of adversity proved to fuel us in the end. Players stepped up into these new positions and did an outstanding job. Every game we played with a sense of urgency and drive that is not easy to find in a team. Beyond our success on the field, we had such an amazing group of leaders, hard workers and friends. We knew each other's strengths and weaknesses, and were able to combine and create an extremely strong group. Each player gave every single bit of physical and mental energy they could, and it led to the most memorable season we could have asked for. STATE CHAMPS 2013 FULL HEAD OF CORNROWS WE LOVE YOU ALL

- Leah Howard, Amelia Williams, and Christina Callahan

SOCCER

We didn't have as successful of a season as we would've liked, but we still got a couple of great results including an emphatic win over Newton South and a come from behind tie against the undefeated and defending state champion Needham team. We were a young team, so next season bodes well.

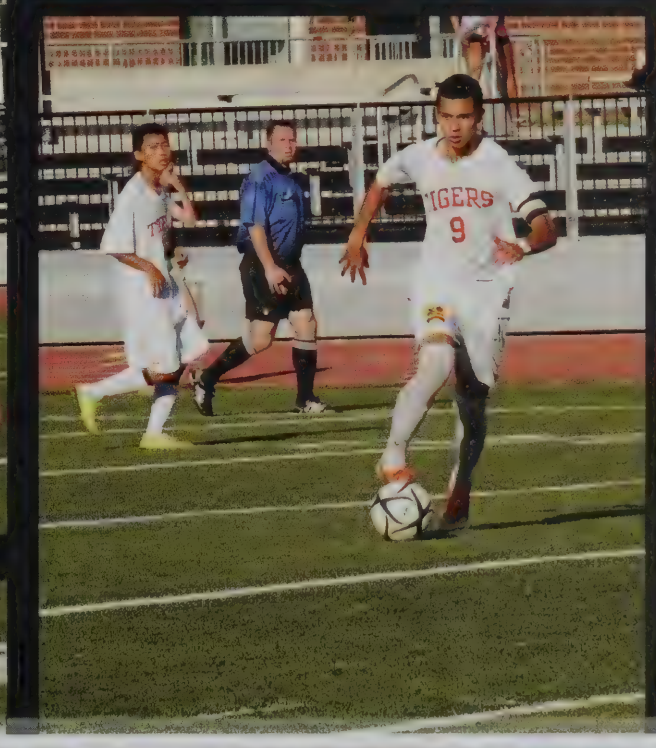

- Stanley Alves, Sean McIntyre, and Ryan Milione

Dear girls, even though the season didn't end the way we had hoped for, I could not have asked for a better group of girls to finish my high school career with! I am so proud of each and every one of you and can't wait to come back and watch you guys dominate!
-Lizzie Reid, Kat Hansell, and Leah McDade

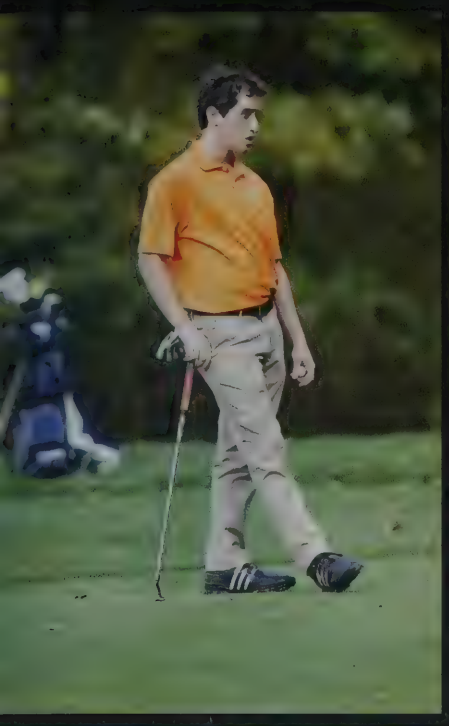

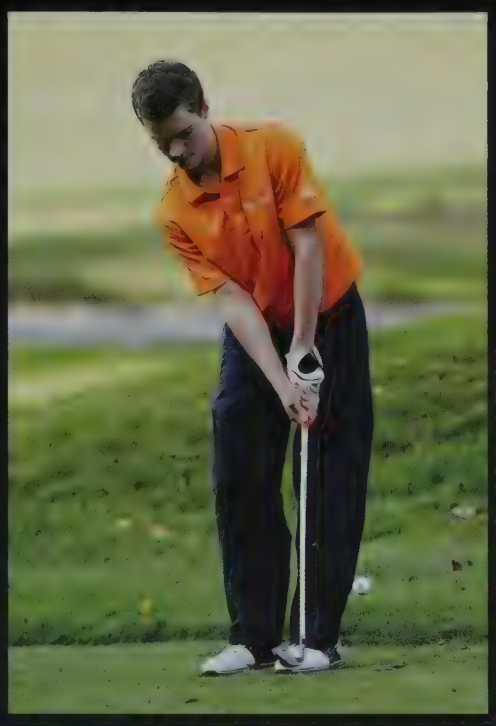

Field Hockey

Most of the school doesn't even know that the golf team exists, but for the players who hit the links every day after school, the idea of representing our school while playing a sport we love with friends we love to be around is usually what gets us through the day. With this year's amazing group of kind, talented players, the team became a tightly-knit group of close friends that has lasted far beyond the sunny golfing months. Sure, we weren't state champs, (that's for next year), but from pushup contests in the back of the bus--who knew golfers could be athletic?--to team dinners/Wii-golf-tournaments, this season was one to remember. Thanks so much for making this season so, so wonderful in every way!
- Jared Perlo and Charlie Goldberg

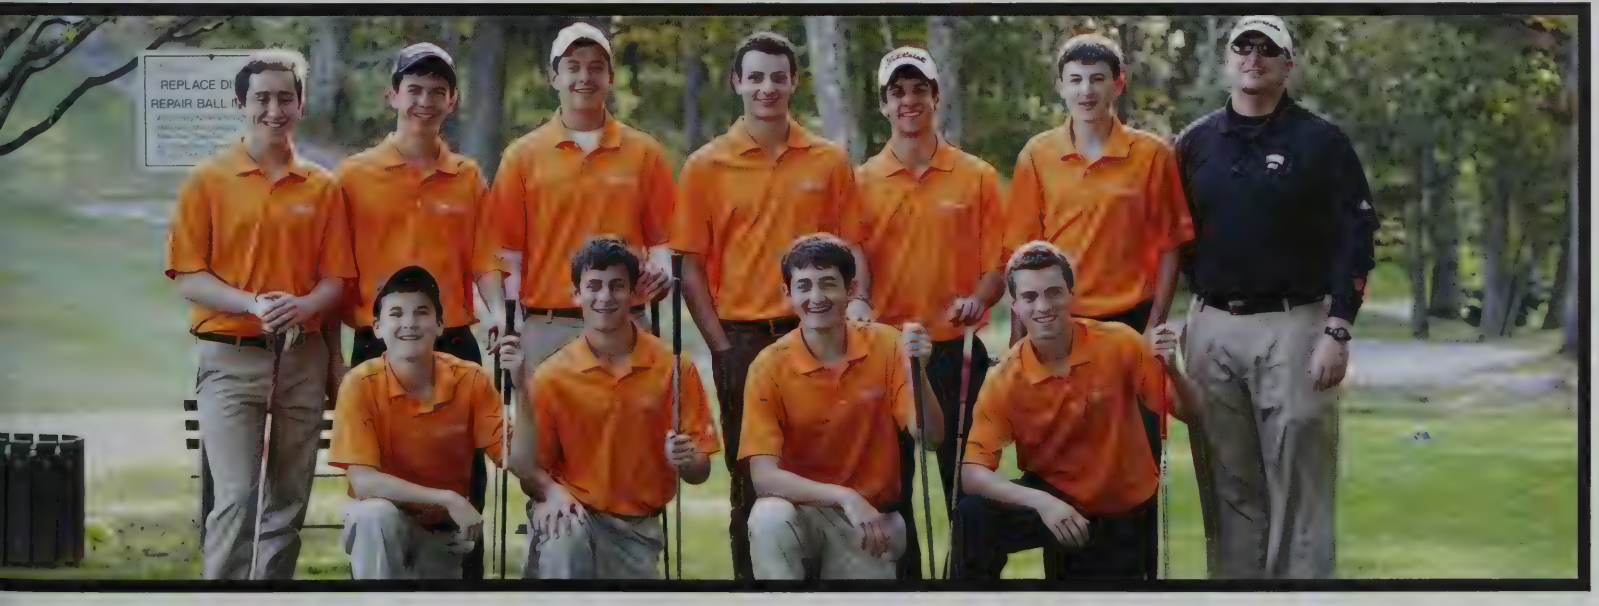

Golf

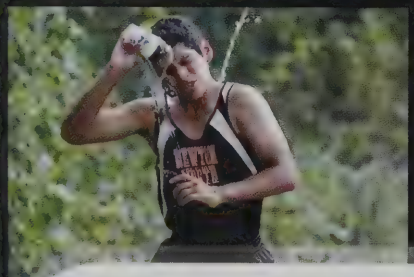

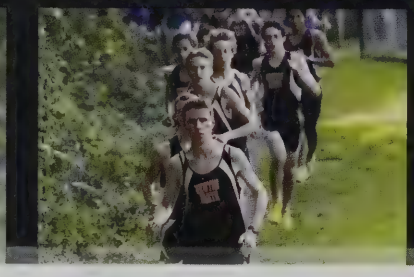

For us seniors on the cross country team, this was the season we had been looking forward to since we were freshman. With six of the seven varsity spots being filled by seniors and over 15 seniors running under 19 minutes for a 5K, we knew that that this was our year to do big things. Together we have spent countless hours on the roads logging tens of thousands of miles. We remained undefeated throughout the regular season and won the league championships for the second year in a row. More important than our speed or wins, however, are the lasting friendships we have formed through our four seasons running together.
- Mike Schlichting, Gabe Montague, Jared Freedman, and Max Brandl

Cross Country

The cross country team at North has always been lucky to have an incredible group of girls, and this year was no different. We've all become very close and were there for each other, in both success and defeat. Coming to practice was always a joy and something we looked forward to it as we knew we would be greeted by a great group of talented, dedicated, and spirited ladies. We're so happy that we got to share this season's team brunches, hill workouts, and victories with such memorable teammates.

- Evie Heffernan, Lizzie Rudié, Ana Horn, and Molly Strange

This season the team got closer than I've ever seen it in the past. Both in and out of the pool our swimmers have supported each other, joked with each other, and formed bonds with each other that will last a lifetime. Although our record did not turn out as well as we had hoped, I believe that with a bit more work, next year this group of boys will be champions because of their constant and unconditional support of one another.
- Liran Bromberg and Sahil Desai

Swim and Dive

Swimming tends to be an individual and lonely sport, but not if you're a Tiger. The Swim and Dive team is more than a team. It's a bunch of fun, loving, dedicated young women who are always there to support you, encourage you, give you wedgies, or have a good laugh with. By the end of the season, we learned that the greatest moments don't happen in an instance. They happen unexpectedly throughout the process and the silly little things in between – the accumulation of those special moments is what matters the most. The end result is just a bonus. Y'all are the greatest! Keep it up, have fun, and GO GET EM TIGERS!
P.S. Smile if you're not wearing undies
- Monica Kieff and Irina Rojas

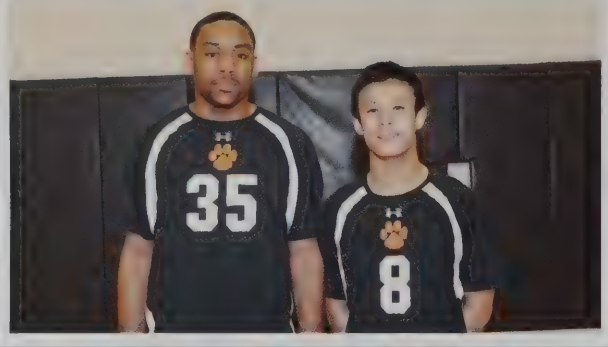

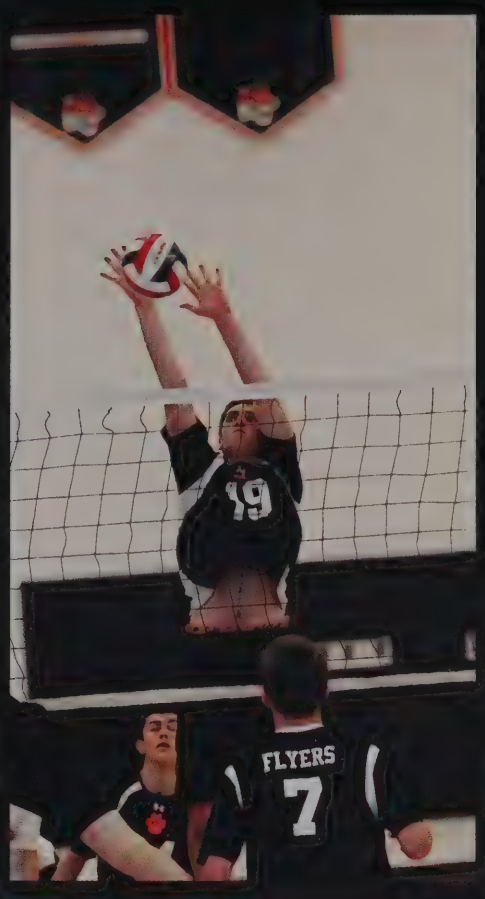

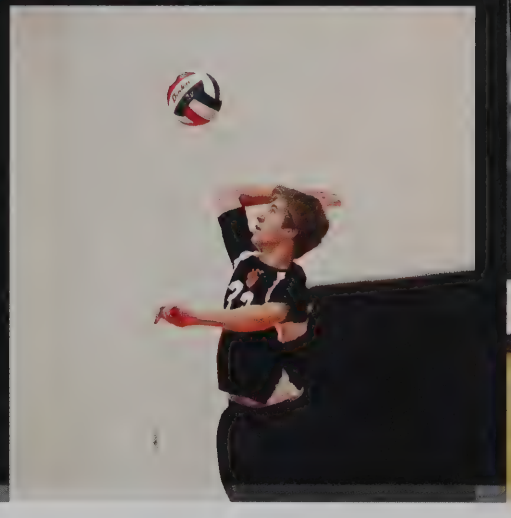

We're excited about this season. Other teams expectations of us are low this year. It's the first time in my high school career where we'll be the underdogs. People don't expect us to do well this year and we intend to prove them wrong
- Preston Yong and Ezekial Francisco

Volleyball

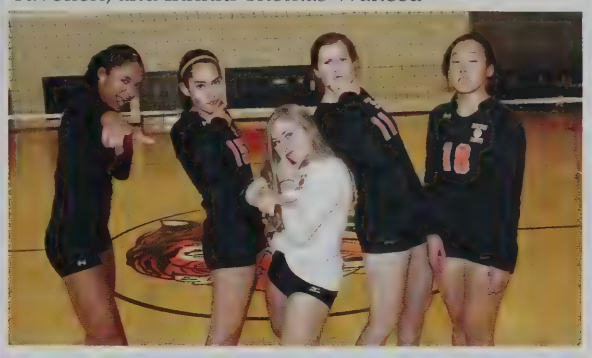

After losing key players in the graduating class of 2013, we came into this season not knowing what to expect. That said, it was not too much of a surprise to see teammates step up their game and fill the spots of those who left. We had yet another unforgettable season, winning our conference title, beating Brookline in a tournament game, winning the sectional title, and competing in the state finals. As the season progressed we created one of the tightest knit bonds that we have had in our four years of varsity. We can't wait to come back to visit and proudly watch our girls dominate again!

- Alana King, Micaela Cohen, Emily Kern, Emma Tavolieri, and Infiniti Thomas-Waheed

Going into this season we had lost 2 starters and gained many new younger players. We knew that it would take a little time to grow together as a team, but given the amount of talent we had we were excited for what laid ahead. Coming off of a disappointingly early end to last season's tournament run, we were determined to make this year's focus about going as far as we could in tournament. Even though we had a few ups and downs and we came into tournament with more losses than we would have liked, we came in feeling well prepared for what laid ahead. Even though we came up short of a State Championship, we made it farthest the girls Varsity team has gone in a recent years and finished as a finalist in the south sectional championship. We could not have asked for a better season with a closer knit group of teammates which truly made this season something to be proud of.
- Maddie Bledsoe

Basketball

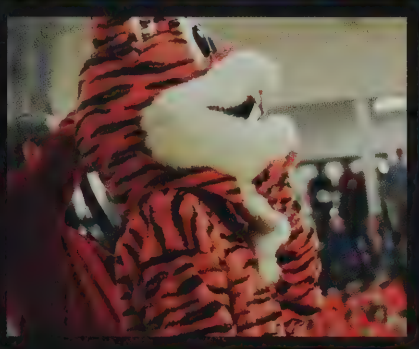

"What you are as a person is far more important than what you are as a basketball player" -John Wooden This quote really sums up not only this season but how the Newton North program operates. Playing basketball at Newton North teaches us about character above all else. Before the start of every season at the parent meeting Coach Connolly writes on the board Family, Religion, Education and lastly basketball. However at Newton North I strongly believe that being a part of the basketball team helps to mold us into better human beings.
- Jack Boucher, Liam Bruno, and Tommy Mobley

I was thinking about the past season and the sport and how it would reflect on me from years to come. I came to realize that the whole idea of sports isn't just about winning, though winning has a role in overall success. I came to realize that we play sports to have fun, and some of these moments will be what we remember for the rest our lives. Yes, I could tell you how we beat this team at this point of the season, or overcame such and such struggle. However what I think our team will really remember is some of Vito's obnoxious antics or how much Seabass ate at some of the team dinners. It's things like trying to slam cake in each other's face or axe bombing the locker room that will be forever in our memories.
- Cory Chin, Alex Joyce, and Anthony Calabro

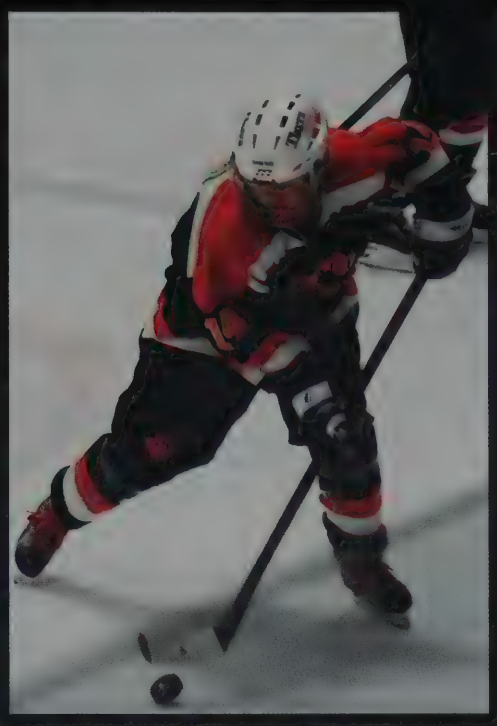

Ice Hockey

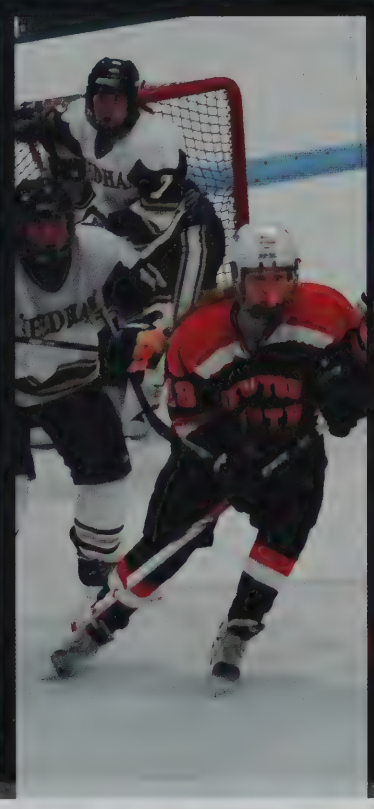

Ever since beating the notoriously skillful Walpole at the start of the season, we knew this was going to be a special year for Girls Tiger Hockey. With a large number of underclassmen, our early success is a testament to how hard we worked and how quickly we came together. This we can credit to our dedicated coaching staff, which included several returning players, our closely bonded and supportive parents, and most of all, our family-like atmosphere. Be it spending a weekend at the water in Newport, RI, laughing in front of a movie screen, having dance parties in the locker room, getting our ears pierced together, or doing our routine pump-up cheers between periods, there is no question that our love for one another was the driving force behind our performance on the ice. When problems arose, our open communication allowed us to solve them, and before we knew it we were laughing again. We carried each other all the way to the state tournament, where our first opponent, Andover, expected an easy win. They got something entirely different — the best three periods of team-effort hockey we had given all year long. Even with burning legs and gasping breath from a shortened bench, we played our hearts out. With 30 seconds left on the clock, Andover took a 2-1 lead. We were disappointed but we know we gave them a run for their money, and we were proud of it. There is no question that our sisterhood and our memories will last long beyond this season. SOOO MUCH LOVE YOU DOGS IN THE HOUSE!!! - Hannah Gallogly, Leah Howard, and Caitlin O'Hanley

We are very proud of the team and are glad to have finished our high school career on a high note with a great team of girls. We wish them the best of luck next year!
- Jen Davis and Julia Wang

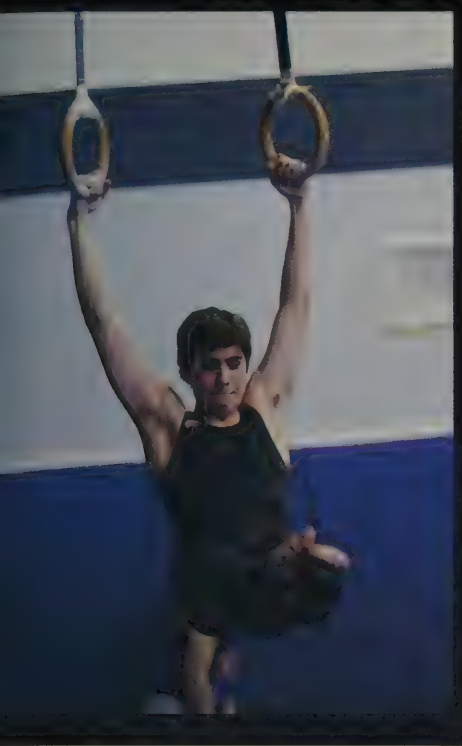

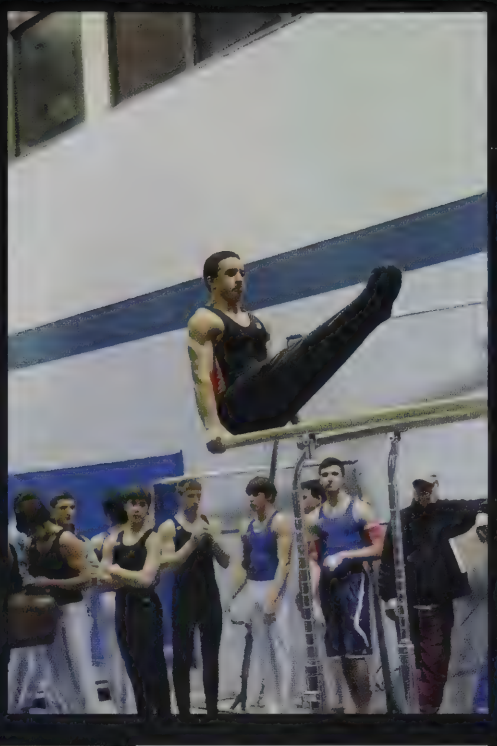

Gymnastics

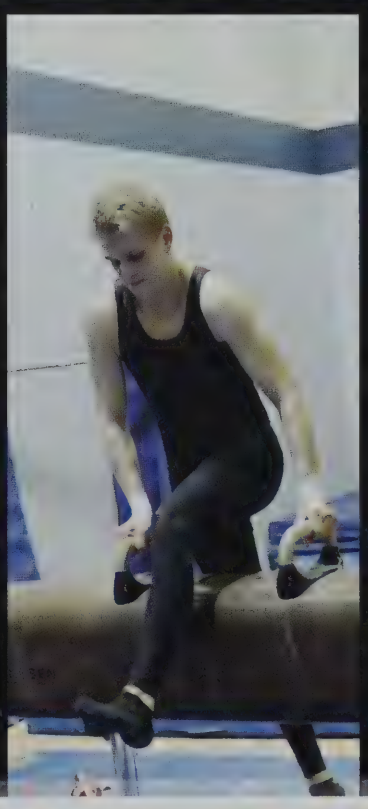

Incredible season this year. It's truly amazing how we can come in nearly last place at states then through blood sweat and tears make our way to second in the state. Gabe and I are extremely proud to be the captains of a team with such talented guys. The high point of the season was receiving the plaque for best record (undefeated) as league champion! Although we missed first place over all in the state by only half a point, we did our best and did something no one saw coming.

- Gabe Bibuld and Eric Weiss

Our wrestling season went pretty well considering all the injuries we had and not always having a full line up, but as a team we we're still able to finish with a winning record. I can not speak for the whole team, but the biggest thing that I will miss is walking into that room everyday and smelling all the hard work and sweat that went into those mats. All wrestlers have their own highlight and things they are proud of. A highlight that stands out for me is my scar above my left eye, to me it is a constant reminder of all the hard work I have put in during my time as a member of the newton north wrestling team, a time I will always proudly remember.

- Scott Macdonald and Alex Cuccurullo

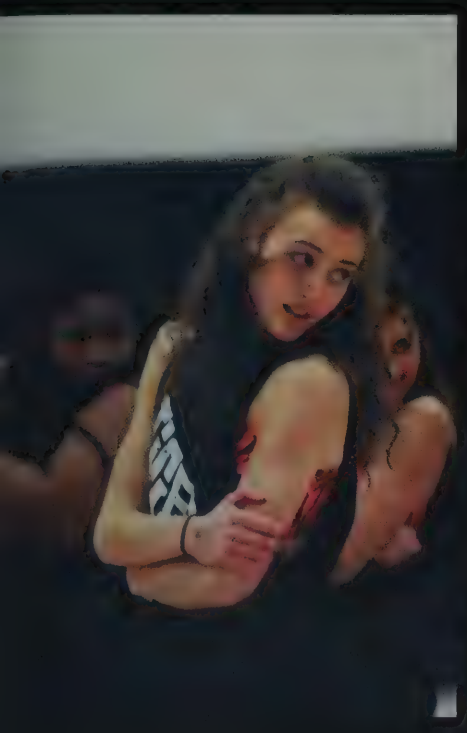

Wrestling

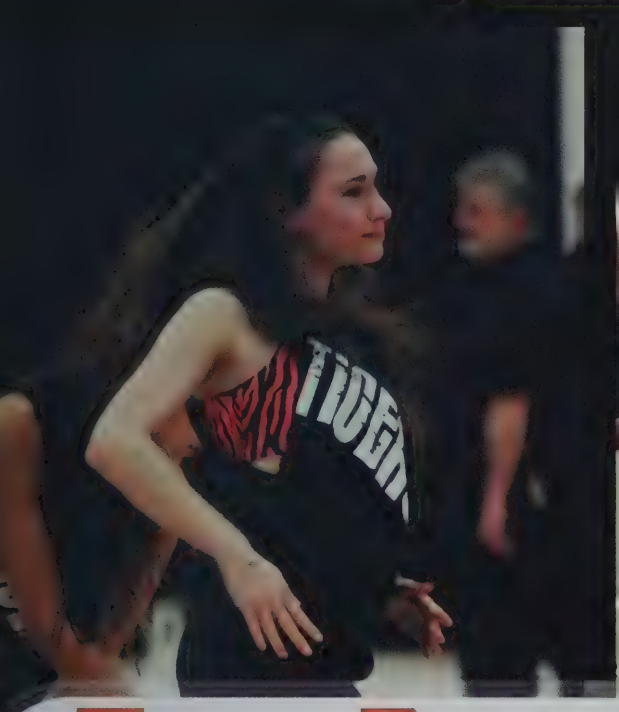

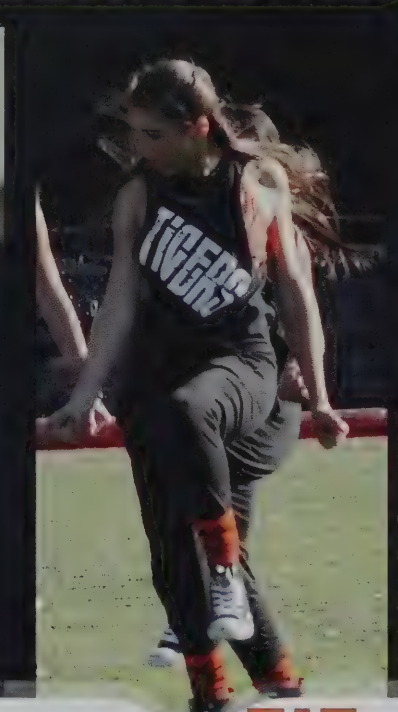

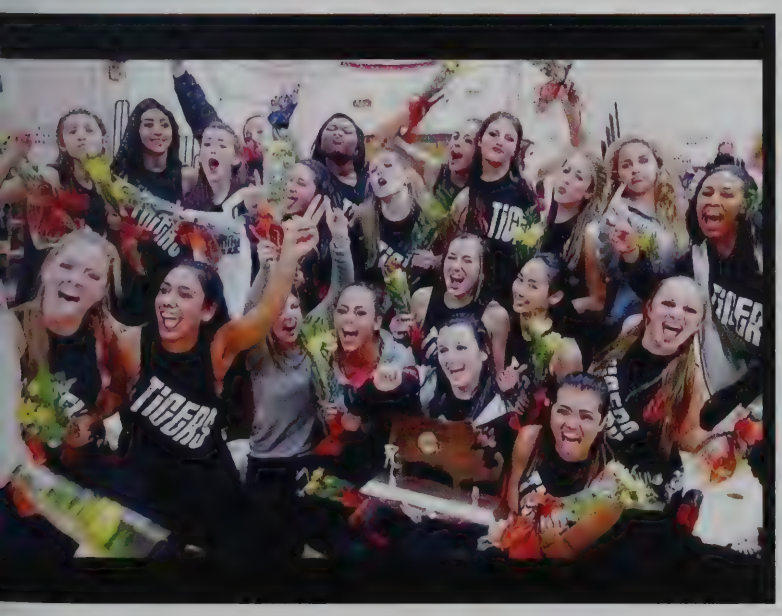

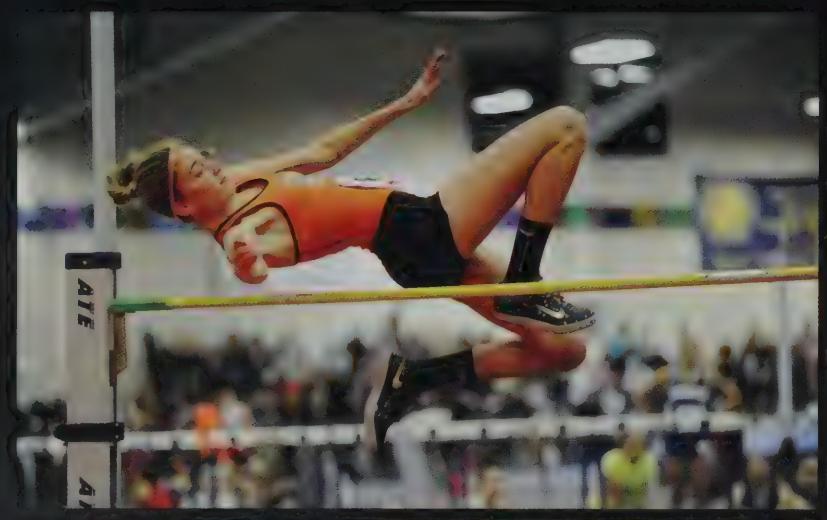

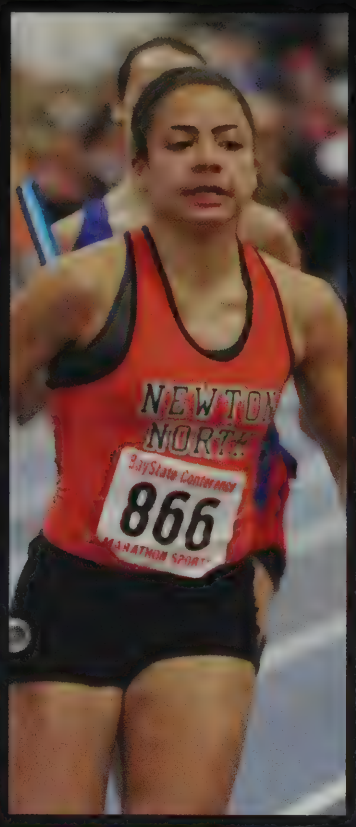

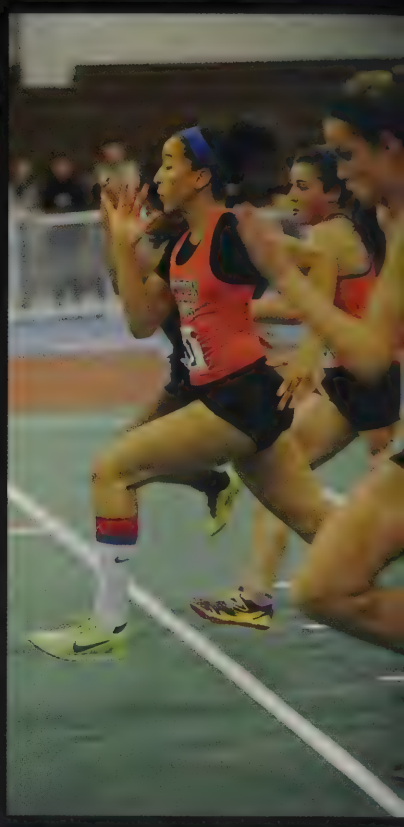

Fall Dance Winter Dance

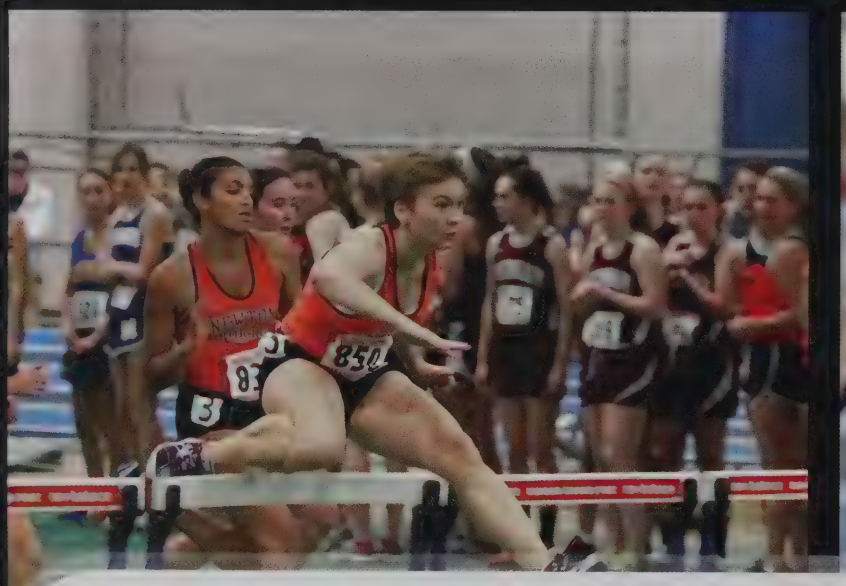

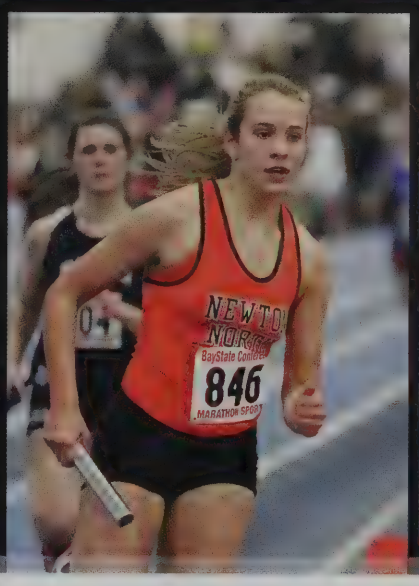

We came into this indoor season with a whole slew of new members and were nervous about how this year's team would hold up compares to past seasons. We quickly learned that we had nothing to worry about, as our veteran and new members stepped up, leading us to yet another league title. At the end of the day, the close-knit environment of our team and the incredible memories and friends it led to this season are what was crucial to our team success. We couldn't have asked for a better bunch of trackies to spend our last indoor season with.
- Maeve Greeley, Sunny Lehmann, Michaela Smith, and Evie Heffernan

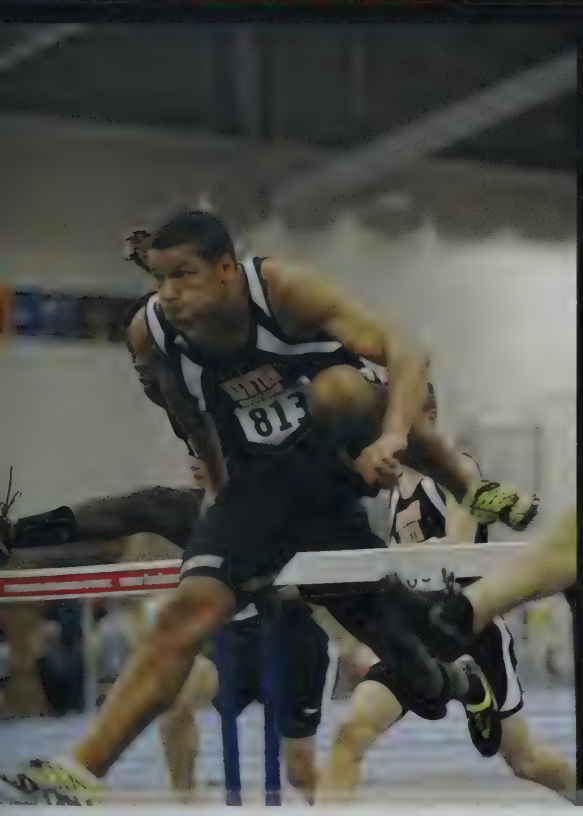

Indoor Track

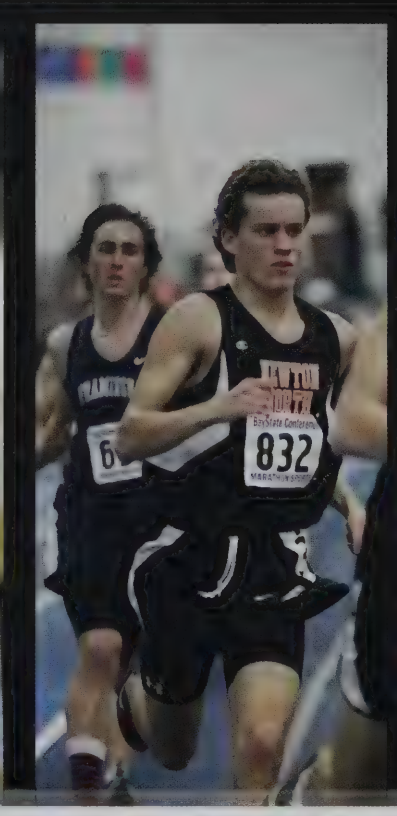

This season in indoor track was unforgettable. It was our 17th straight year undefeated in the league, and we kept on winning throughout the post-season. This year more than any other year we were able to come together as a team and do what had to be done. Even those who had never been a member of a varsity sport before contributed a huge amount to the team, and without them there is no way we could have accomplished what we did. With track in particular, you get out of it what you put in, and I'm proud to have been on a team in which everyone, no matter what level, realized this and was willing to put in so much work and dedication. I'll miss the victory laps, bus chants, buffalo chicken wraps, the team bonding, and the coach impersonations, but most of all I'll miss the hard-working and dedicated team that I'm lucky to have been a part of for my four years here.
- Nick Fofana, Jackson King, Mike Schlichting, and Gabe Montague

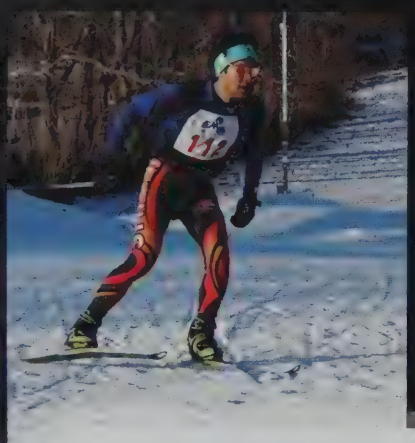

The team chemistry was excellent, another brilliant year at that. The team sportsmanship award would not have happened had we lacked this chemistry; we had good a good team dynamic, so we could reach out towards other teams. Our numbers increased again. We had a new, enthusiastic batch that will continue to draw more people in our competitive, quirky family. Hat tip to endlessly determined (and numerous) freshmen for starting the sport with no prior knowledge of it, and bonding warmly with the team and improving exponentially. Its safe to say we've left the team in good hands for the next few years, and that they will do so when the time comes for them.
- Ned Martenis, Rafi Razzaque, Brewster Taylor, and Kelly Wang

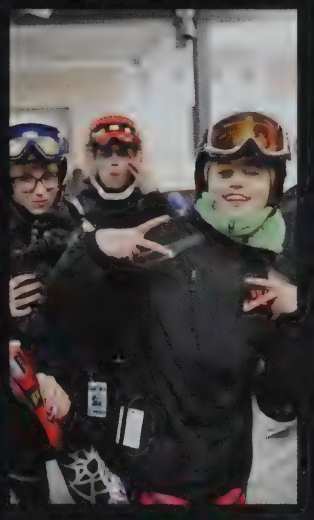

Nordic Ski

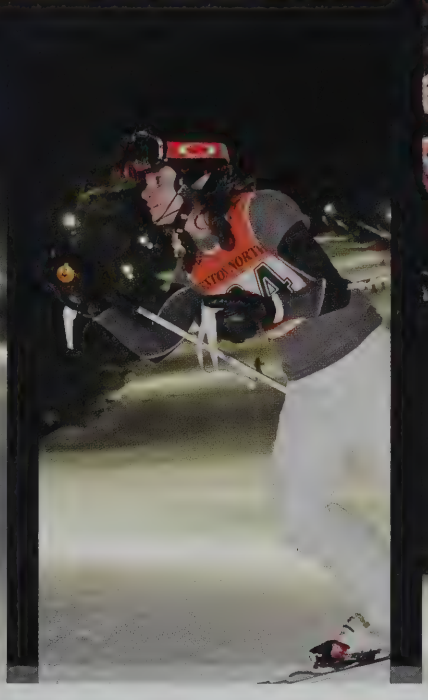

This season the alpine ski team had one of its best seasons. New, skilled skiers joined the team and overall our skills progressed significantly. We had three skiers finish in the top twenty and Captain Julie Chan represented the girls team at States. For the captains it was exciting to be a part of one of the best, most bonded teams we have seen in all our four years and sad to have to say goodbye. We wish our teammates success in their future seasons and that they carry on being awesome.
- Lee Moriarty and Julie Chan

Alpine Ski

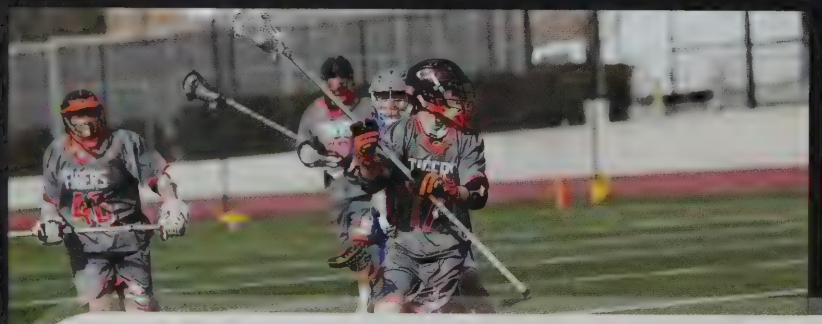

The lacrosse team this year definitely has a lot of potential. With a solid group of returning players and some stellar new guys, we could turn into a formidable bay state team.
- Jake Close, Jack Boucher, Ben Basset, and Andrew DeNucci

Lacrosse

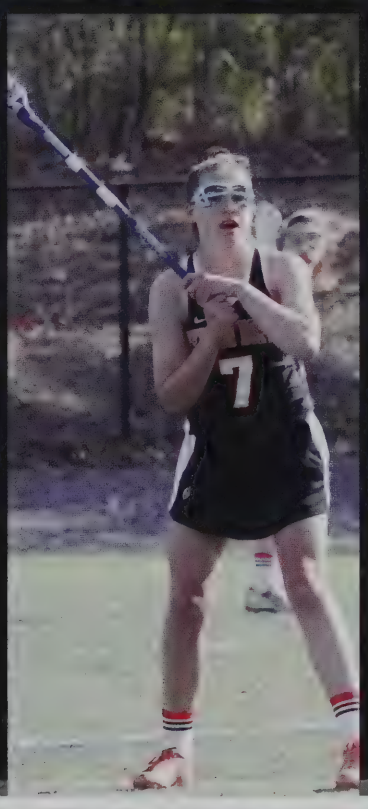

"Somewhere behind the athlete you've become and the hours of practice and the coaches who have pushed you is a little girl who fell in love with the game and never looked back... play for her -Mia Hamm." We're one big family, win or lose.

- Shannon Fitzgerald, Leah Howard, Leah McDade, and Nicole Quinn

We're really really excited about this year actually! Especially after seeing the talent that we've gotten from the freshman and girls who have come up to varsity since being on Jv last year. We graduated a lot of seniors last year but I definitely think with this new group of girls that we will do even better than last year.
- Caitlin O'Hanley and Liv Sloane

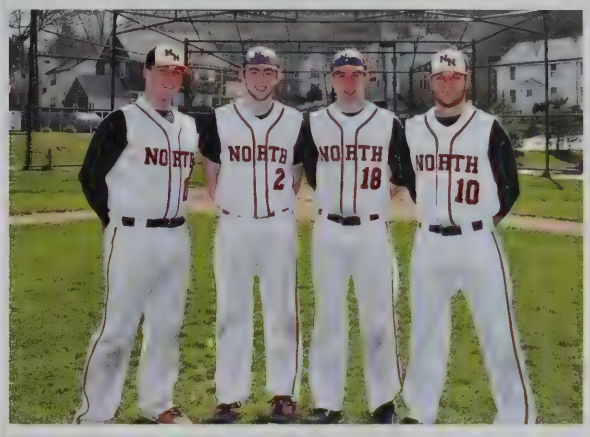

Softball

The baseball team has started off very strong this season, with great defense and pounding teams on the scoreboard. We hoped to continue our dominance in the Bay State conference into the playoffs or possibly the Super 8 tournament.
- Tommy Hodgson, Ben Porter, Curtis Beatrice, and Alex Joyce

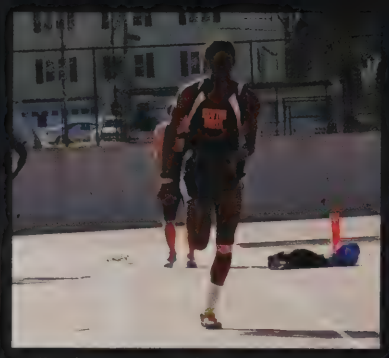

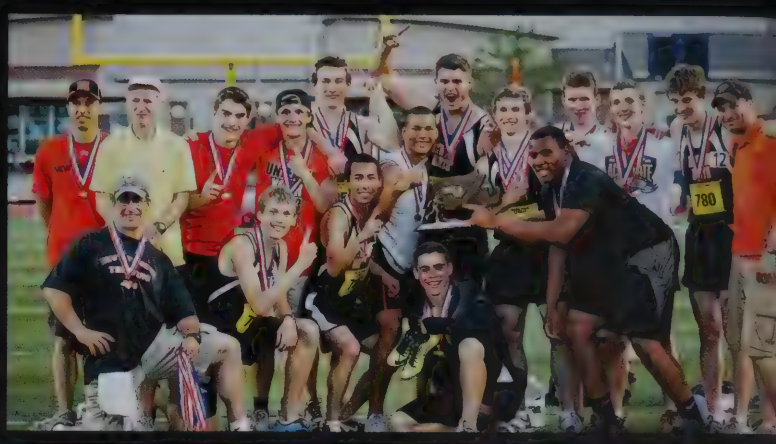

Baseball

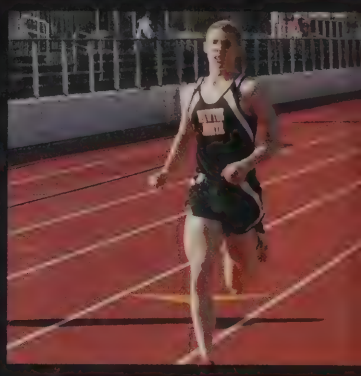

We hope to continue the undefeated streak that we began during the indoor season, including a second all state title. There are plenty of teams that can challenge us at the state level, but we believe that we will come out on top as we always do. We want to continue the great success that the team is known for, and we'll be able to because we have talented, hard working runners, throwers and jumpers. We'll be carried mostly by our seniors, who have been waiting for this season for a long time. We hope that all seniors on the team end their high school career on positive notes, and that underclassmen realize their passion for the sport in order to keep the team going.

TIGERS
TIGERS

This tennis season promises to be a great one. We expect nothing but 100% effort and focus at all times and so far that is what we have gotten. We have a talented young team that has great chemistry and supports each other. We often support each other whether or not we are frustrated. Every member on the team has a strong sense of sportsmanship and respect. These boys are always in a good mood and Adam and I look forward to practice every day.
- Dan Smith and Adam Goffstein

Tennis

Even though we've lost a few of our really good players, I definitely have high hopes coming into this season. Obviously we hope to win some (maybe most of!) our matches but I think that our most important goal will be to come together as a team! Tennis is the best We have so much team bonding, and I know that this season will definitely be one of the best we've had!

DAVID COHEN

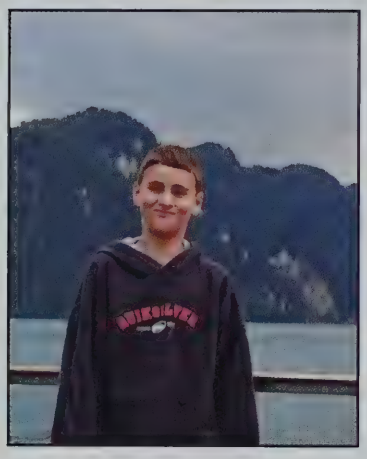

David,

What a joy it has been to watch you grow up and now graduate from high school!

Congratulations, and our warmest, best wishes for a wonderful future!

Love,

Dad, Mom, Michael, Andrew and Sarah

Leah R. Howard

Watching you is like watching the sun shine!
"Smell the sea and feel the sky, let your soul and spirit fly"
Love, Dad, Mom and Ben

You have officially made it! Congrats on graduating Anthony!!

I can't believe the time has already come for your graduation. I wish I could be there on this special day to tell you how proud of you I am! It has been fun watching you mature in high school and I think it is safe to say Newton North will never be the same. Congratulations on all you have accomplished and becoming a role model in the community. Only more good to come in the future!

Love you always Vito!

Steph

(We've come a long way)

Trapper Phillips

Congratulations to the Class of 2014!!

Trapper Phillips - We are so proud of all you have accomplished! We look forward to seeing where your future adventures take you!

Love, Mom and Mom

"Be of good cheer. Do not think of today's failures, but of the success that may come tomorrow. You have set yourself a difficult task, but you will succeed if you persevere; and you will find a joy in overcoming obstacles."
- Helen Keller

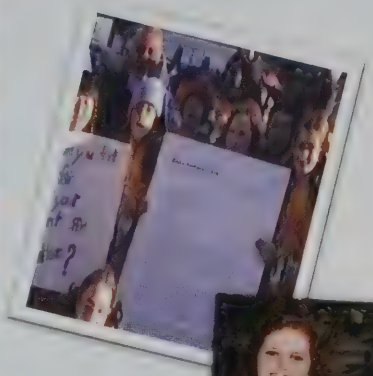

We Love you and are so proud of the young woman you have become!
Love, Mom, Dad, Rachel & Adam

To our wonderful Sofia:

From the moment you could hold your own book, we knew you would live up to your name. Your hunger for knowledge, passion for justice, and kind heart will take you from graduation to graduation and out to change the world for the better!

You have grown from a beautiful and spirited child into beautiful and determined young women who makes us proud everyday.

With all our love and best wishes,
Mom, Dad, Simon, Baba, Gramma, Grandpa, Gracie and the extended R-K family

P.S. Don't ever forget: "You're braver than you believe, stronger than you seem, and smarter than you think."

Joey Huang

Forever our little baby sister!
No matter how young or old you are, where life takes you, WE WILL ALWAYS LOVE YOU AND YOU WILL ALWAYS BE KNOWN AS OUR LITTLE PIGLET or Roo!

Love Your family

ANTHONY,

CONGRATULATIONS. WE ARE SO PROUD OF YOU.

LOVE YOU TO INFINITY AND BEYOND

MOM, DAD & STEPHANIE

Do not follow where the path may lead. Go, instead, where there is no path and leave a trail.

Congratulations to the Newton North High School Graduating Class of 2014!

When you are a child, your parents are the primary photographers of your life; they catalogue your humanity and travels - capturing moments and places in space and time. Your friends at **Newtonville Camera** wish for you to have success in all of your future endeavors! Oh, and don't forget that from here on out, when it comes to photographing your life:

Don't forget to bring your camera!

Congratulations from Paul (class of 1960), Kenneth (class of 1996), and Laura (class of 1998)!

13-Year-Old Lives Life as an Individual

BY JACQUELINE LAFLAMME

PHOTO BY JACQUELINE LAFLAMME

Hunter Triplett of Newton is an extremely mature, yet playful, student in the seventh grade at F.A. Day Middle School. At age 4, he discovered his passion for comic-strip writing and

My Dearest Hunter,
You have your beginning bag of tools as you stand steadfast ready to face the world. Your beliefs are strong and your talents are abundant. We have no doubt that you'll be successful in your quest and we support you 100%. Don't ever waver from the individual that you are.
Congratulations on your accomplishments!
Love,
Mom, Dad, Grandpa and Mama Rose, Grandma and Grandpa Moose, Auntie Carol and Uncle John.

John Palumbo

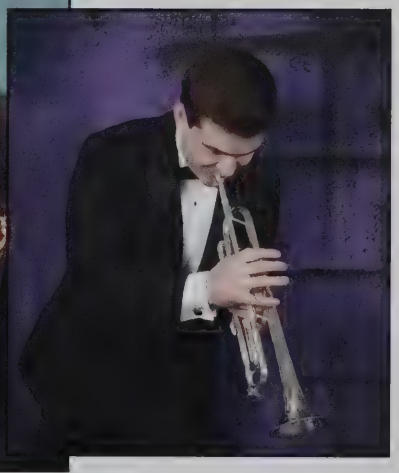

Congratulations John!

As parents, we couldn't be more proud of all your accomplishments.

Knowledge is power so never stop learning.

Love,
Mom and Dad

MATTHEW ROSSI

MATTHEW YOUR FAMILY IS SO PROUD OF THE YOUNG MAN YOU HAVE BECOME. CONGRAT'S ON YOUR SUCCESS AT NNHS! ENJOY THE REST OF YOUR JOURNEY!
LOVE,
MOM, DAD, LEAH & FAMILY!

Conor & Andrew Larson

Thanks to all the teachers who made K-12 a grand learners journey for our sons.

We are so proud of our dynamic duo, Andrew and Conor!

To paraphrase Walt Whitman, may their strongest and sweetest songs yet remain to be sung.

Sean McIntyre

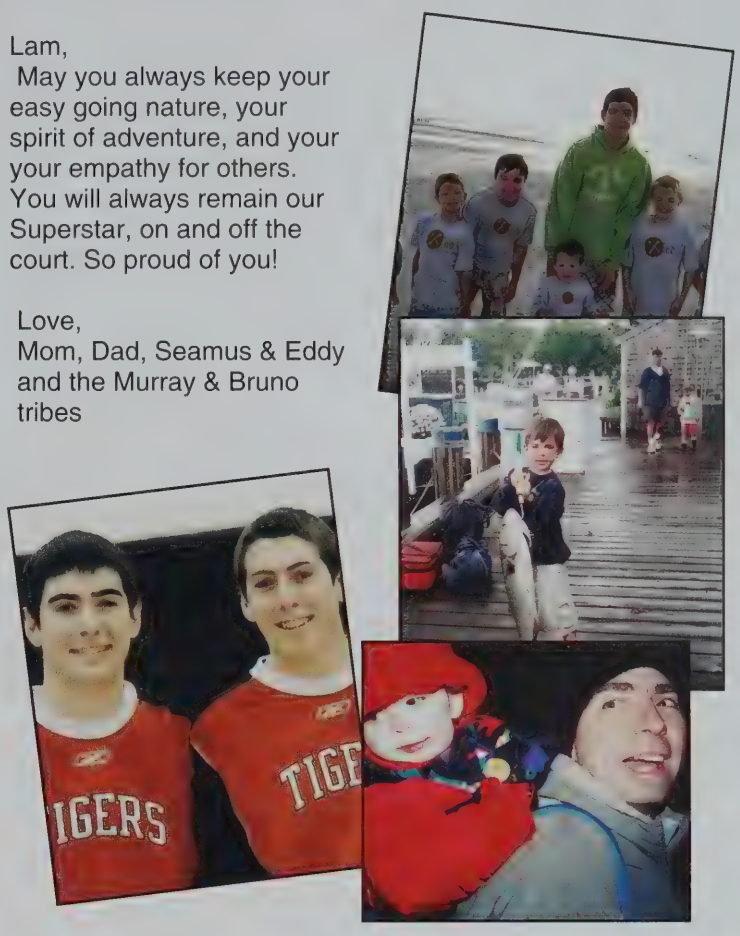

Seano -
Congratulations on all you accomplished at North Mr. Stats! We're very proud of you!
Congrats to all of the class of 2014!
Love,
Mom, Dad, & Kelly

LIAM BRUNO

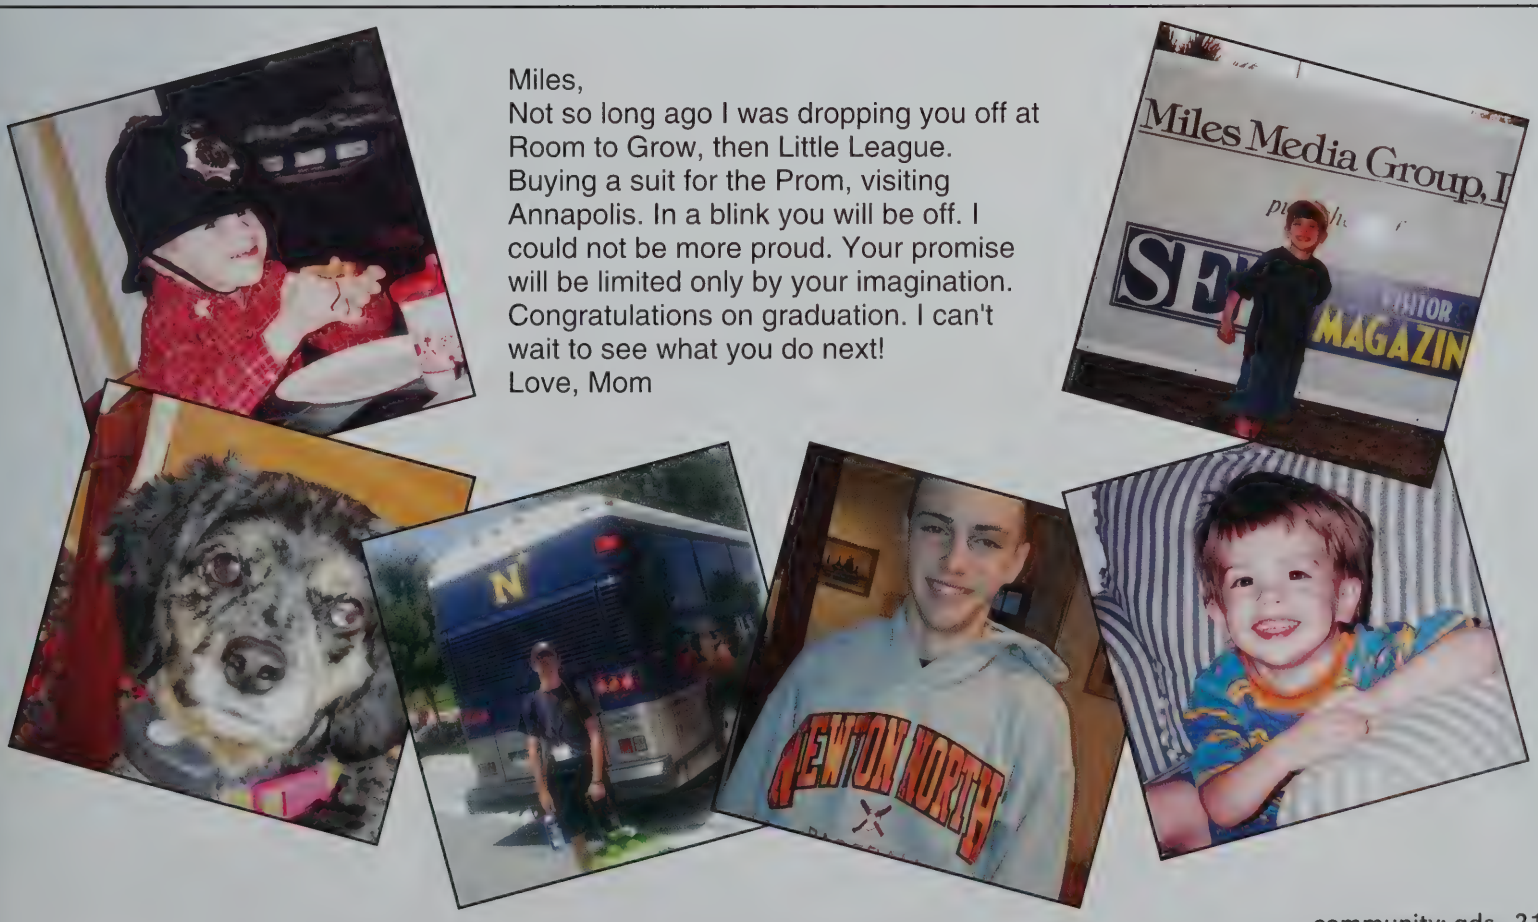

Lam,
May you always keep your easy going nature, your spirit of adventure, and your your empathy for others. You will always remain our Superstar, on and off the court. So proud of you!

Love,
Mom, Dad, Seamus & Eddy and the Murray & Bruno tribes

Miles Macuch

Miles,
Not so long ago I was dropping you off at Room to Grow, then Little League. Buying a suit for the Prom, visiting Annapolis. In a blink you will be off. I could not be more proud. Your promise will be limited only by your imagination. Congratulations on graduation. I can't wait to see what you do next!
